Are You In His Shoes?
Are you a young man with a growing family, growing responsibilities? Do you want more financial protection for your family but can't afford it right now?
BMA has loosened this tight fit for a young man with its new "Flexible 65". Under this plan you can get \$10,000 of life insurance protection right now... at a price you can afford.
Under this plan you make the largest part of your deposits after ten years, when your income has increased. Besides letting you pay for it when you can afford it, the "Flexible 65" plan allows you to change your plan later on... when your family picture has changed and you have a better idea of your future needs.
BMA's "FLEXIBLE 65"
Here's how it works: At age 25, for example, you pay only \$9.60 a month for \$10,000 of life insurance. At age 35 you can choose a \$10,000 policy paid-up at 65 for only \$18.60 a month. Or you can choose one of these three plans.

You Get	You Pay
1. \$10,000 in protection to age 65, then same amount in cash or retirement income at 65	\$22.20 a month or \$251.30 a year
2. \$10,000 in protection for life	\$16.10 a month or \$181.40 a year
3. \$6,630 in protection for life	\$9.60 a month or \$108.80 a year

Here's protection for the present, flexibility for the future. Call your BMA representative today for rates for your age. Learn how you can include guaranteed monthly income, waiver of premium, and double indemnity.

BUSINESS BRIEFS

Vice-President
Charles H. Howson, 2839 Lanergan drive, Birmingham, has been elected a vice-president of MacManus, John & Adams, Inc., national advertising agency, according to an announcement by Ernest A. Jones, president. Howson recently was appointed account supervisor of the Bendix Aviation corporation advertising account for the agency. In this position, he supervises the advertising for 24 of the divisions as well as the central office account for the corporation. A graduate of Wayne State University, Howson joined M.J.A. in 1952 as account executive. He served as manager of the Baltimore offices of the agency for two years, returning to Detroit in 1956.

LEGAL NOTICES
Freud, Markus, Lubbers & Slavin, Attorneys at Law, 2236 Guardian Bldg., Detroit 26, Michigan.
No. 7432
STATE OF MICHIGAN, The Probate Court for the County of Oakland.
At a session of said Court, held at the Probate Office in the City of Pontiac, in said County, on the 6th day of November A.D. 1950.
Present, Honorable Arthur F. Moore, Judge of Probate.
In the Matter of the Estate of ARLEY M. BURNHAM, Deceased.
George A. Burnham, having filed a petition praying that an instrument filed in said Court be admitted to Probate as the last will and testament of said deceased, and that administration of said estate be granted to the petitioner, the executor named in said will, or to some other suitable person. That the 21st day of December A.D. 1950 at 2 o'clock, in the forenoon, at the Probate Office, in hereby appointed for hearing said petition.
It is Further Ordered, That public notice thereof be given by publication of a copy hereof in some newspaper of said County, on three successive weeks previous to said day of hearing in the Birmingham Evening Post, a newspaper printed and circulated in said County, and that copies be served per mail or by delivery on each of the known heirs and devisees and their last known place of address at least ten days prior to said day of hearing.
ARTHUR F. MOORE,
Judge of Probate.

Re-Elected
R. G. Ransford, 1711 Cedar Birmingham, has been re-elected president for a third six-year term by the Gleaner Life Insurance society, Birmingham. Ransford was re-elected at the Society's 29th general convention, held last week-end at the Baneroff hotel, Saginaw. Nearly 200 delegates, representing 55,000 members in five mid-western states, attended the three-day event, which marked the society's 65th birthday. The society was founded in 1884 in Caro, Michigan.

New Director
Colman Willard F. Rockwell, chairman of the board, Rockwell-Standard corporation, today announced the appointment of Nelson R. Brownery, 3731 Peabody, Bloomfield township, vice president of the company, and an outstanding authority on heavy-duty driving axle and power transmission systems, to the newly created post of director of research and development for all divisions and subsidiaries of the entire Rockwell-Standard corporation.

Natural GAS YOUR SILENT SERVANT

"Packing Houses" Aid Natural Gas Service
Natural gas is carefully "packed" as it travels along the 2,000 mile trip from the southwestern gas fields to Michigan customers. Taking care of the "packing" operation are gas compressor stations about every hundred miles along the pipeline route. Here engines with thousands of horsepower squeeze the gas under as much as 1,000 pounds of pressure and force it through the pipelines! The pressure drops, as the gas moves along, until another compressor station "repacks," cleans, and pushes the compressed gas toward the next "packing house."
The never ending work at the compressor stations speeds natural gas to consumers, improves service and helps keep gas rates low.

Only GAS does so much, so well... the modern fuel for automatic cooking... refrigeration... water-heating... house-heating... air conditioning... clothes-drying... incineration.

CONSUMERS POWER COMPANY

Water, Water Everywhere, But Maybe Not enough
Have you used your 150 gallons of water today?
That's what the average American needs each day for drinking, dishwashing, baths, laundry, cooking and other personal uses. Add all industrial, recreational and farm uses, and you have 1,500 gallons per capita per day.
"MOST FOLKS in Michigan's water Wonderland feel their water supply is almost limitless," said Russell Hill, conservation expert at Michigan State university. "Actually," he added, "we do have plenty. But often it's not in the right place, in the right quality and of reasonable price."
The problem is so serious that "Water for Farm and City" has been chosen as the theme of the 1950 Farm City week, Nov. 20-26. The week is dedicated to helping rural and urban people understand how they depend on each other. Hundreds of civic groups will take part.
"America needs four times as much water now as it did 50 years ago," Hill points out.
