

If It's H-O

MODEL TRAINS

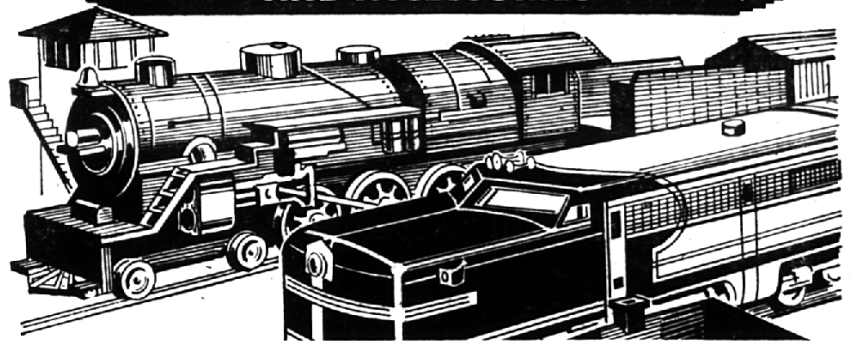

McBRIDE'S Has It!

See our fine selection of H-O Trains and Accessories. The largest assortment in this area. We can help you design any layout from a simple oval to a basement size empire. We also Service and Repair H-O Engines.

FOR THE YOUNG RAILROADER

TRAINS

AND ACCESSORIES

FROM OUR VERY COMPLETE STOCK OF ACCESSORIES you will find Road Bed (both cork & wood), snap track (straight and curved and half), bumpers, turnouts, crossovers, rerailers, terminals, and bulk track rail. For those who want a more elaborate layout we have tunnels, turntables, pier sets, trestles, bridges (all types). To landscape your layout, we have trees (all sizes, both summer and fall), shrubs, grass (bulk or mat), earth, scenic stone, snow, as well as the proper glue for fastening it down. Buildings of all types from ranch homes to old time farm houses. Many a layout can be made more realistic with our operating coal loading docks, engine houses, working street lights and signals. Pre-formed kits as well as detailed buildings are available in commercial, industrial, and residential designs. Let us bring the layout to life with some of the finest detailed people and animals you have ever seen. To make the set run you need power, power in the form of a large enough power pack to handle your needs, now as well as for future expansion. REMEMBER — if it is in H-O Scale Model Trains McBRIDE'S TOYLAND is the place. Now located on the main floor of the store.
