

### Beverly Hills To Use Land On 13 Mile

BEVERLY HILLS—The combination Southfield township-Beverly Hills offices are already bustling at the same, and suffering from a shortage of land on which the village can park road equipment and store sale.

Consequently, the village is making an agreement with Knight-Meard company, owners of the lot just east of the offices on 13 Mile. The firm will allow the village to erect a kitchen and bathroom shower. The hostess placed gifts beneath a full-sized umbrella for a kitchen and bathroom shower.

The village may store sale on the Knight-Meard property, and permit its road contractor to park maintenance equipment there.

THE AGREEMENT was worked out with the real estate firm by Councilman Chester Gilmart, who reported that Knight-Meard would rent the property free with the stipulation that it be restored to its original state when the agreement is terminated.

The council Monday night decided it would prefer to pay a small amount for the property rather than accept the favor, so the village would not be in a difficult position in handling any possible future requests from the real estate firm.

The rent for the lot was set at \$100 annually.
