

Welcome Runkels Home

When the Rev. Dr. and Mrs. Arnold F. Runkel returned home from their trip to Europe, First Methodists greeted them at a special party. Saying their hellos are (left) Mr. and Mrs. W. A. Dalee. Rev. Runkel is also celebrating his 15th year of service.

The Light Touch by Jeanne Westerdale

SEE THE MONKEY
My laurels are limp and dejected,
For I was the Mother selected
To take the first grade to the zoo!
I've had it—I'm weary—I'm through.

County Leaders Invited to Hear MSU Specialists

Oakland county's community leaders will participate in a series of public policy workshops starting tonight at the Birmingham Community House.
The 10 a.m.-3 p.m. meetings will include a luncheon speaker.
Other workshop dates are Oct. 8, 15 and 22.
Speakers will be Michigan State university specialists in economics, sociology and anthropology.

A LIMITED number of class reservations are available by contacting the MSU cooperative extension service in Pontiac.
Today Dr. Gar Wood will discuss taxes, what kind there are, who pays them, what additional ones are needed to finance increasing governmental costs because of growing populations.

Dr. Art Mauch on Oct. 8 will talk on cost of food, farm programs and subsidies.

ON OCT. 15, Dr. Phillips Foster will speak on "Problems and Re-

Alleys in Townsend Street Area to Get Special City Study

What began as a one-alley vacation turned into a neighborhood multi-alley study this week.
Birmingham city commission postponed until Oct. 19 its hearing on abandoning an alley west of Bates, from Merrill to Townsend.
Merritt Olson pointed out there were more than half a dozen of these short mid-block alleys. He wondered what the idea was behind that particular pattern.
Commissioners agreed to study the area.
The interval will enable city officials to learn what two other abutting property owners on the particular alley up for hearing feel about its closing. The other owners—Mrs. J. A. Anderson and Mrs. Raymond A. Morrow—desire it.

You will find many bargains in The Eccentric Classified Columns.

responsibilities in International Relations."
Dr. Edward Moe and Sheldon Lowry will talk on "Human Problems in a Changing Community" in the concluding Oct. 22 lecture.

PRESENTING AMERICA'S MOST CAREFULLY BUILT CAR

THE IMPERIAL OF 1960

Tomorrow, at showrooms across America, we introduce the totally new . . . totally wonderful Imperial.

It is built more carefully, tested more thoroughly, than any other car which has been or will be introduced this year. It requires more individual hand-crafting than other cars. It takes longer to build . . . because the skills which build it are the kind that can't be hurried. It has brought automotive craftsmanship back to America.

The new instrument panel has bold, readable calibrations . . . logically placed controls . . . and a remarkable new Panescent lighting which aids vision and depth perception at night by eliminating glare and reflection.

New swivel seats turn automatically as the door is opened. An exclusive, improved Auto-Pilot tends the accelerator on long trips (two very practical options) . . . the engine has more wheel-turning power than any other passenger car engine in the world.

When you drive our Imperial of 1960, we think you will agree it proves one satisfying point . . . that a fine car can be almost awesomely impressive, and still be a vivid, engaging personality . . . a good companion as well as an obedient servant.

Compare Imperial's riding quality, space and comfort . . . ease of entry and exit, front and rear . . . driving liveliness . . . and learn that it is, in luxurious fact, the finest car America has yet produced.
