

SEAHOLM HIGH

MAPLE MATTERS

By BIL MITCHELL

All Excuses Gone - Library's Open

The Seaholm library opened last Monday, Oct. 12, for the first time this year, after its recovery from the vandals that struck the school on Sept. 13.

Due to the resourcefulness of some of the mothers of Seaholm students, the librarian was able to get the cleaning time in half, thus opening the library relatively soon.

HOWEVER, the card catalog will not be usable for quite a while. It has to be reorganized and some of the cards have to be retyped. Mr. Lather, the school librarian, has been working on the card catalog for the last three years, so you can see that the job might take a while. In the meantime students will have to use the "hunt" method to locate books.

The American Field Service has started screening applicants for the next summer's study program.

SINCE there will be only four students from Seaholm, and there are considerably more than four applicants, a screening committee has been set up to judge the students.

Mrs. Taber, Mrs. Darling, Dean of students, Mrs. Wickham, Herb Brookman, student congress president, some members of the faculty,

the present exchange students, Gloria and Jean Pierre, former exchange student, Emily Waldor, and the American Field-Service Committee form the screening group.

This year, despite the lack of assemblies, the assembly club is planning to have some extra special assemblies.

AMONG the ideas being pursued are the Kingston Trio, Anne and the Globs, the University of Michigan Glee club, and Mendel Wilson, author of "The Music Man."

The Birmingham Teen center will open for the school year Oct. 16, with an open house from 10 to 12. The open house is to take place at the Seaholm-Fordside game. Along with the usual activities the Dual Tones will be present to entertain.

The Piper staff has gotten off to an early start this year with the taking of homeroom pictures for the sophomores and juniors, and individual pictures for the seniors. The pictures were taken by a private photographer during the first, second and third periods of the sophomores and juniors, and after school for the seniors.

Southfield High

'Jan. 16' Should Come In Early Spring Here

"The Night of January 16th," a courtroom drama, is Southfield's choice for the 1959-60 senior class play. Written by Ayn Rand, the extraordinary courtroom drama of a murder trial follows American court procedure accurately.

"We can truthfully say that we don't know how the play will turn out," said faculty director Virginia Bore, "for a jury picked at random from the audience will render their verdict at each performance. So, the conclusion of each performance will be a real surprise."

TRYOUTS for the play, to be given the nights of Nov. 21-22 began last week.

Only Southfield's principal Robert E. Hall knows who the 1959 Homecoming Queen will be, and he won't tell until the Homecoming Dance, Saturday night.

Southfield's drive to sell 10,000 tickets to their game with Berkeley

fell somewhat short with only 3,100 tickets sold, but no one is unhappy about the total. Everyone connected with the sale felt the turnout was excellent and the team spirit good.

ATTENDANCE at the Southfield-Farmington game was almost as good last Friday with spectators enjoying the new bleachers.

In a recent class election, Wendell Cuchetti was elected sophomore class president. Pam Spear, treasurer and board members elected were Barbara Sahlin, Bonnie Lutz and Ron Bennett.

Southfield's Debate club, sponsored by Miss Elaine Nash and Daniel Julien, have a big problem to solve in their debates this year: "Resolved that the Federal government should substantially increase the regulation of labor unions."

DEBATE CLUB officers are Dennis Smallwood, president; Joanne Warren, vice president; Lynn Marton, secretary; Julie Naefer, treasurer.

BIOLOGY CLUB met for its monthly meeting last Wednesday. On the program was the discussion of the clam, squid, and starfish. The club recently completed a ball sale, which is its method of making money on which to operate during the year, since it has no dues. The drive was a great success.

I had planned to write a story in this column about the Biology club, but the odds were against me. First, a story appeared in the Youth Section the week before I planned to write, and when I did write, there wasn't any room for high school correspondence. Consequently, it didn't get published.

Inside the 'Y'
Ready or Not, They're Coming - Fifty of 'em

Camp Chiyeva will be convened upon this Friday by 50 boys and girls. Leaving the "Y" building at 9 a.m. these third through sixth graders will travel by bus to the camp for a day of activities while teachers are meeting. Five pm. should see them returning to the point of embarkation with their exhausted comrades.

A note from the desk of our Family Program committee: Families will splash at the Barnum pool next Friday evening, Oct. 23, at 8 p.m. The second Friday of every month there will be a "pot-luck" and games preceding the splash. From now on there will be a swim but no food every fourth Friday evening.

YOU DON'T have to be a "square" to dance to a caller. Ask anyone who has been square dancing. The Birmingham YMCA now has a class designed to improve your mastery of this skill.

The gyms of Valleywoods, Baldwin, Bloomfield Village, Pierce and Midvale have been invaded by members of Gray-Y. These fellows in the third thru sixth grades find Gray-Y really fun.

Black Belt is the highest rank offered in Judo and there are ten degrees of this rank. Among the striving men in the world to attain a tenth degree Black Belt is a man in Japan who is 82 years old. He's still practicing Judo! Why don't you enroll now?

Pan Club should live up to its name this Saturday morning as the first meeting is held. Many activities have been planned to coordinate and keep busy all of the little hands, feet and mouths of these young people who attend. The "Y" is the place. Nine a.m. to Noon is the time.
