Old Leonard School Sold

The 76-year-old Leonard school, which served Troy children from 1981 to 1947, was finally purchased last week for \$100. Int'l City Delivery service, of Royal Oak, was the only bidder on the one-story frame building. The Troy school board agreed to sell the building that sets on property owned by Chrysler corporation at Eighteen Mile and Coolidge. The building must be removed by Nov. 15.

More Non-Retail Zoning Referred To Plan Board

Does Birmingham need more B-1 (non-retail) business zones?

Dr. A. L. McNaughton believes it does. He's asking for zoning of his lot at the northeast corner of Southfield and Townsend. City commissioners aren't saying "no", and have called for a more intensive study by Birmingham's city plan board.

In the meantime, the hearing on McNaughton's proposed offices has been adjourned until Feb. 8.

IN OTHER hearings, commissioners rezoned to B-1 zone the northeast corner lots at Daines and Purdy. Formerly R-6 multiple, the lots were abutted on three sides by commercial zoning.

Denied without prejudice was a hearing on changing two lots at Westchester Way and Maple from R-1 single family to R-4 two-family. The petition was withdrawn a week ago because the lots are being sold.

McNaughton pointed out that Birmingham has very little B-1 non-retail business property.

established B-1 as a transitional zoning between business and residential. "But now I'm wondering if B-1 is not a better use as a buffer than R-4 or R-7 multiple," Roberts observed.

COMMISSIONER William Bur-

gum then moved that the plan board study "the possibility of establishing an area or areas for B-1 use."

His resolution was adopted unanimously. Another matter drew Commissioner Carl F. Ingraham's concern. He wants the plan board to see about eliminating a zoning provision which would permit a drug or other store on the ground floor with an apartment or two upstairs.

"I don't think that was our intent in passing the new ordinance," he commented.
