**Gonna Rock, Like—in Red And White**

By BRENDA DRUMM

Everyone come to the Red and White rock. The dress is very patriotic to Derby. Wear red and white and you'll have a terrific time.

Rock tomorrow night in Derby's gym from 7:30 p.m. to 10:30 p.m. Admission is 50 cents per Derby. Don't miss our discjockey. He's a real surprise.

DERBY'S NINTH grade football team tied Groves last Thursday

0-0. Our cheerleaders did a real nice job leading the cheers for our boys.

The Chemistry-Physics club had its first meeting last week. Mr. Vojdani is the advisor. The president is Bob Brown and the vice president is John Mow. The club is planning to Edy and dress up the inside courtyard with assorted flowers.

Mr. Davis from the Edwards Brothers Printing company came to talk to the yearbook staff on our yearbook. He explained various processes and answered numerous questions.

THE FIRST edition of the Derby Dateline, our school paper will be Oct. 15.

This week the seventh and ninth graders were given the SRA achievement tests. The whole ninth grade assembled in the cafeteria second and third hours to take the tests. The teachers served as monitors.

Several ninth grade English classes are planning a trip to Cinema 14, Clawson, to see "Measure by Measure," one of Shakespeare's comedies.

**Fast on the Draw**

You have to be fast on the draw to capture any given autumn scene, figure Bloomfield Hills seniors Linda Albertson, (left), 5110 Wing Lake road, and Phyllis Benicke, 1845 Lakeview court. The girls, advanced drawing and painting students at BHHS work fast to catch a fleeting moment as the scenery changes around them from summer green to autumn colors.

**They're Going to 'Visit' -Lunt's and Fontanne's**

Members of proscenium will attend the farewell performance of Alfred Lunt and Lynn Fontanne when they attend "The Visit" at the Shubert Theatre on Oct. 22.

Along with members of the theatrical group will go some members of Scriblers, an interest club for students with literary talent, as well as other students.

THIS is the first of many such activities that the club is planning for this year.

Contrary to an earlier report in this column and due to a change in schedule, the annual Field Day will take place on the 15th instead of the 14th of October. However, this date may change because of conflicting dates for school activities.

Since this is the last time until after Field day that this column will appear, I would like to wish each class the best of luck, and may the best class win.

CICERONE, a school service club presented a Newcomer's dinner on Oct. 6, for all high school students new to the Birmingham system who would like to meet people of some merit around the school. The final average of the Activ-

ity tickets has finally been completed. The figures read as follows: sophomores in first place with 86.3 percent, juniors in second place with 84.7 percent and seniors last with 81.8 percent. The sophomores have something to be proud of by winning the first big school drive of the year.

The Seaholm debate team is off to a roaring start this year with a round of debates between various class teams in an effort to establish the best teams to enter in the district debate tournaments.

THE OLD pro and coach at debate, Mr. Charles Thumser thinks that we have a good chance of having some good debate teams this year.

This year the debaters will be debating the topic: "Resolved that the Federal Government should substantially increase its control of labor unions." This promises to be a very interesting topic and I would like to wish them the best of luck for the coming year.

WHAT DOCTORS SAY ABOUT

Encouragement for Victims of Parkinson's Disease

Q: Stress and Breakdowns

Q: Would you please discuss the latest treatment for Parkinson's disease? Can a person use home treatment such as eating certain foods?—S.

A: Treatment of Parkinson's disease (paralysis agitans or shaking palsy) is based primarily on the use of drugs to help overcome the symptoms. Unfortunately, no drug—let alone diet—has yet been developed that will permanently halt the disease. Within the last 20 years or so doctors have been cautiously exploring the use of certain surgical procedures to modify the disabling symptoms of Parkinson's disease. Some good results have been obtained but surgical treatment is regarded as more or less experimental by many physicians. This is not to say that nothing can be done for people with paralysis agitans. Even though drug treatment isn't perfect, most patients can be helped.

Q: Do doctors know why some men break down mentally under such conditions and others, going indefinitely.

Questions directed to Science Editors, P.O. Box 396, Madison Sq. Sta., N. Y. 10, N. Y. will be incorporated in these columns when possible.

You've made Joseph G. Molner, M.D., a most popular fellow with the Detroit Times' mailroom. Last year, 19,396 of you filled Dr. Molner's mailbox to overflowing with medical inquiries. And you found the fact-filled answers to many of these questions in his daily Detroit Times column, "To Your Good Health".

It pleased us to bring you the knowledgeable advice of this man who has served as Detroit's health commissioner for many years.

For some of you, he has dispelled old, medically-unfounded fears. Others of you have been spurred to visiting your family physician. You've acquired a layman's appreciation of today's medical miracles by reading "To Your Good Health"—just one of the many fascinating columns and features you follow daily and Sunday in the Detroit Times.
