Episcopal Church Scene of Ceremony

St. Albans Episcopal church in Highland Park was the setting for the September marriage of Hilda Margaret Jackson and Donald E. Welch. The Rev. C. W. Hughes performed the double ring ceremony in the presence of 200 guests.

Parents of the newlyweds are Mr. and Mrs. W. H. Jackson of Sylvan lane, Beverly Hills, and Mrs. Nina Welch of Detroit.

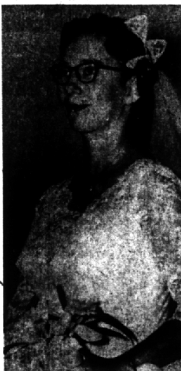

THE BRIDE appeared in a walk-length gown of white lace featuring a fitted bodice, V-neckline and very full skirt. A pearl crown secured her finger to well of silk illusion. She carried white orchids.

Mrs. Richard Jackson served as honor attendant and bridesmaids were Dorothy Thompson and Donna Wittkop. They wore willow green street length dresses with matching headpieces.

CHAS VASSAR stood as best man and seating the guests were Richard Jackson and Thomas Jackson.

For her daughter's wedding, Mrs. Jackson chose a champagne satin dress with cymbidium orchids. Mother of the groom selected a rose dress with a white orchid corsage.

The new Mrs. Welch donned a brown suit with matching accessories for her wedding trip to Ohio.

MRS. DONAL E. WELCH

Named to State Board of LWV

The League of Women Voters of Michigan has announced the appointment of a second Birmingham woman to the state board of the organization. Mrs. John H. Bryant of Middlebury lane, has been named as editor of the League's publication, the Michigan Voter.

Mrs. Thomas Snelman of Birmingham was elected a state League director at the group's convention last spring.

Mrs. Bryant is bulletin editor of the Birmingham League and served last year as voters service chairman, in charge of getting out Voters Guides for the 1958 elections. She is a member of the physics committee of the Citizens Study committee on curriculum.

Valley Woods PTA and the Westchester WNFCA.

STATE TAXES will be the subject of five unit discussion meetings of the Birmingham League of Women Voters to be Oct. 12 through 14.

Hostesses for this month are Mrs. John Ericson, 270 N. Glenhurst, Oct. 12, 1-3 p.m.; Mrs. Norman Naimark, 26020 Devon drive, Oct. 13, 1-3 p.m.; Mrs. William Gordon, 751 Robin Hood circle, Oct. 13, 8-10 p.m.; Mrs. John McVay, 1678 Yosemite, Oct. 14, 9:30-11:30 a.m.; Mrs. F. P. Henderson, 1708 Bradford, Oct. 14, 8-10 p.m.

Golfers Luncheon

Birmingham Country club's Lady Golfers' closing luncheon and annual fall meeting will be today at noon. All members are invited. Chairman is Jane McCracken.

English-Speaking Union Meeting Set

Mrs. Henry C. Johnson of Bloomfield Hills, will be one of the hostesses at the English-Speaking Union meeting Wednesday at 8:30 p.m. at the Grosse Pointe War Memorial Center.

Sir John Nott-Bower, former Commissioner of Police in London, England, will be the speaker. Sir John, who has an extensive background of law enforcement, including 22 years of service with the Police in India prior to his service in London, will speak on "Reotland Yard and Its Problems."

Are you thinking of buying a new house? Then read the "For Sale - Houses" columns on the Classified Ad pages of this week's Eccentric.

Barnum PTA Meets Tonight

Barnum PTA will hold a meeting for 7th grade parents tonight at 8 in the school cafeteria. Highlight of the meeting will be the distribution of a Parents' Handbook which had been a joint endeavor of the school staff and the PTA to acquaint the parents with Barnum Junior high.

Principal Robert Ford, Roy E. Vannetta, assistant principal Muriel Brunie, girls' counselor and Malcolm Tindall, boys' counselor will discuss the school program and answer parents' questions.

Attends Workshop

Mrs. Loren W. Sievers of Royal Oak attended the annual workshop of the Michigan association of hospital auxiliaries at the Hidden Valley Ski club at Gaylord Tuesday and Wednesday. She represented the Women's Service committee of William Beaumont hospital.

Off to New Jersey

Mr. and Mrs. Roy M. Sorenson, formerly of Davis street, Birmingham, left last week for their new home in New Jersey. Mr. Sorenson, an employee of Michigan Bell in Detroit, was transferred to Michigan Bell laboratories in New York City.

Suburbanite Dance

The Suburban club will hold its first dinner dance the season at the Lake Pointe Country club Saturday. The committee in charge of plans are the Glenn Mattessons, John Reddys and Frank Cavins, with the Jack Pattersons acting as chairman.

'Y' Swim Class In its 3rd Year

The Barnum swim class began its third year of operation Tuesday, Sept. 29. The fall term continues through Dec. 22.

Boys and girls 8 to 13 years of age are taking swimming lessons. Beginners meet from 7 to 8 a.m. and intermediates and advanced meet from 8 to 9 a.m. At this time both classes are closed. Only girls names are being taken on the waiting list during October.

Bill Pratt is in charge of both classes. Pratt begins his third year at the helm of directing the Barnum swim classes.

Instructors are Chuck Hollis, and Bill Phillips, senior at Saaholn high school. Bill Pratt Jr., freshman at Barnum is coming on to teach this year. Women instructors are Mrs. Joe Baranowski, Mrs. Barbara Clark, and Mrs. Chris Hatch. Mrs. Baranowski is new this year.

Parents who attend the swim classes may be asked to supervise the locker rooms for a period of fifteen minutes. The board of education requires that locker rooms be supervised at all times. Only those boys and girls who are in the swim class are admitted to the locker rooms.

Chi Omega Meeting

Mrs. Betty Bieman will be hostess tonight at 8:30 for the North Suburban Chi Omega alumnae in her home at 625 Merritt lane, Birmingham. Program for the evening will be "Color Comes Calling" presented by the Michigan Bell Telephone company.

WHAT'S NEW FOR '60 ?

More room inside...without raising the roof or stretching the car and wider doors you can step through squirm through

1960 cars from Chrysler Corporation are no higher or longer outside, but you get more room inside. The reason! Unibody Construction—our new way to build cars.

Here are 1960 cars that are no higher, no longer than last year's, but they have more room inside.

The secret is UNIBODY—a new kind of construction

These cars are all one piece. We got rid of the old idea of a bulky body and frame bolted together. Unibody Construction let us do things we couldn't have done before. We lowered the floor and made the inside really spacious. We widened the doors and made it easier to get in and out.

There have been other cars with "unitized" construction, but these were a far cry from Unibody. They telegraphed all kinds of noise and road shock in to where you sit.

UNIBODY surrounds you with silent strength

The new cars from Chrysler Corporation are quiet. So quiet, it seems you're going ten miles an hour lower than you actually are.

When you open the door, the seat steers out automatically.

We licked the problem of road shock and noise—before the first car was ever built.

How? Through new methods of electronic engineering—the same type of engineering that Chrysler Corporation uses as the only auto maker building complete ballistic missiles for the U. S. Army.

Complex electronic computers made calculations in a few weeks that would have taken an engineering staff years of full-time work to figure out. They showed us exactly where to weld our cars together. Results: the strongest, best-built cars ever made, with twice the torsional strength of previous models and 40% more beam strength; cars that can't squeak or rattle from joints, bolts, and nuts that aren't there any more. And, one other thing: we've got a new way of mounting the engine. There's a rubber shelf that soaks up high-frequency noises. And a specially mounted heavy duty spring that reduces noises in the low-frequency

range. This is a kind of noise-reducing engine mount is a Chrysler Corporation exclusive.

Pure automobile —new from the inside out

These are the all-new ones for 1960! With more news in them than you've seen in years.

Wider doors make it easier to step in or out—gracefully.

Imagine an automobile... —that looks pure automobile...: newly styled with natural lines of motion.

- that could last twice as long as ever before
- that so reduces air drag it's like buying gasoline a cent a gallon cheaper
- that will be virtually free from rust and corrosion years longer
- with doors that lock when the engine starts
- with washable, durable, long-lasting upholstery that makes seat covers obsolete
- that performs in wonderful quiet, not just when it's new, but through all the years of its longer life. A car with size that's for use—not just show.

Pure automobile—built to be what you want a car to be. You'll know that the moment you see one. You'll know it even more the minute you take the wheel. They're coming soon. Watch for them.

UNIBODY Construction: frame flows into the body, makes it twice as strong, twice as quiet—surrounds you with silent strength.

The Quick, the Strong, and the Quiet
Coming: the all-new ones from Chrysler Corporation for 1960
