## APRIL ACTION

As far as we know IT has begun! By the time you read this, however, we have 5 inches of the white stuff. Well, be it today or later, we shall now point up a few essentials.

**LAWN FERTILIZER**—We still recommend  
AGRICO FOR TURF (10-6-4) 2 lbs. to 100 sq. ft.  
STADLER TRIPLE X (10-6-4) 2 lbs. to 100 sq. ft.  
AGRICO UREA FORM (10-6-4) 2 lbs. to 100 sq. ft.  
REGAL LAWN FOOD (5-4-0) 4 lbs. to 100 sq. ft.

(The reasoning in back of this is that our lawn grasses need the "10" NITROGEN at this time despite the advertisements and magazine articles to the contrary.)

**CRABGRASS PRE-EMERGENCE CONTROLS**—We mentioned the relative merits of these materials last week. ZYTRON, then PAX, then 72% CHLORDANE, and then TURF KARE. The point we make now is TIMING.

1. Fertilize (with PAX, fertilizing is prohibited).
2. Clean up the lawn.
3. Apply the pre-emergence material—AND DO NOT DISTURB IT with raking.

**SPREADERS**—Where your medicine bottle says "1 teaspoonful" you use a TEASPOON. (silver, pewter, tin, or what have you) When your martini recipe says 4 to 1 you use a jigger. Now, when the bag of lawn material says to put so much on so many square feet of ground how do you measure it? You SHOULD use a new LAWN BEAUTY SPREADER or a STADLER SPREADER or, if available, borrow a LAWN BEAUTY from us with your material order.

**ROSES**—Don't tell us it's too early to plant them. We know that. But they are here and at the moment you can get one or more of every variety we have.

- 10 varieties of standard—\$1.98 each
- 20 varieties of patented—\$2.50 to \$3.75

They are beautifully packed, with excellent canes and protective coating.

### NEW STORE HOURS

8:00 A.M. to 5:30 P.M.

### EVERY DAY—INCLUDING WEDNESDAYS

(Apparently a huge number of lovely people thought we were open ONLY Wednesday afternoon. This was wrong. Wed. p.m. was the time we tried to catch up on ordering, golf, arranging, pricing, fixing boats and fishing tackle and writing to suppliers who sent us nylon stockings instead of those nozzles.)

**SLEEPING PILLS**—Not as dumb as it sounds. We refer to the DORMANT SPRAY. The only "things" that sleep at this time are you and the bugs.

While the bugs (and bug's eggs and bug's larvae) are sleeping you can knock off a substantial part of your summer problems by smothering them with SCALECIDE or liquid LIME-SULPHUR. The TIME IS SHORT—the DIVIDENDS enormous. Both materials must have 12 hours above freezing after they are applied or they are rendered useless.

(If you fall call us about May 16th and we will give you more Do-It-Yourself Information).

NOW—for some of our stuff !!

**BEGONIAS**—We mentioned these several weeks ago but they are so magnificent and satisfying and easy to grow that we will do it again.

- Double Camellia—flowered
- Ruffled & Frilled
- Pendulant (or Hanging)

**CALADIUM**—These exquisite vari-colored foliage plants are easily grown from tubers. A child can do it—so can you !!! They are started indoors and, if desired can be moved outdoors to a location in SEMI-SHADE. Full sun will bleach out the exquisite colors of the leaves. Easy to do.

Goodnight. It has been pleasant to talk with you—even though you will say "That man is trying to sell something."

"Perish The Thought!"

## Chevrolet Honors Birmingham Men

Edward H. Kelley, left, general manufacturing manager of Chevrolet Motor division, presents awards to two Birmingham men on completion of 25 years of service to Chevrolet by each of them. Louis A. Bauer, center, of 3140 South Broadway boulevard, manager of Chevrolet's production & standards department, and Lawrence A. Doyle, right, of 17111 Buckingham, a divisional buyer in Chevrolet's Purchasing Department. The two men were among 13 Chevrolet Manufacturing department employees at the GM building who received their service awards March 29. Bauer selected a clock while Doyle's award was a wrist watch.

## BUSINESS BRIEFS

MILES

## Miles Awarded Honor Plaque

George Miles, 325 Glenary, Bloomfield Village, treasurer of Vagabond Coach Mfg. Co., New Hudson, receives award for outstanding chairmanship of the educational committee of MHMA. Miles has been active within this committee for over five years, a committee which collaborates with Michigan State University and other educational institutions on their mobile home curriculum.

435 S. SAGINAW

Pontiac FE 2-1010

—Hours—  
Tues. thru Sat., 8:30 to 5:30  
Monday 9 to 9

Greetings neighbor! For your car's sake, you ought to get to know us, and all about our famous service. 15 minutes is all we take to install a new Midas Muffler, guaranteed for as long as your own car. The installation is free—and it's done by experts whose only business is installing mufflers and catalytic converters.

## SPREADERS CLEANED FREE

Bring your SPREADER to us for cleaning, lubrication and adjustment. We will do this for you FREE OF CHARGE

WHEN

You will buy your fertilizer and other materials to be applied by spreaders from us. Then we will deliver your spreader to you along with the materials you order.

OFFER GOOD THROUGH APRIL 16th

## Why Wide-Track works wonders with wagons

Easiest handling wagon in all the world is the Pontiac Safari. Wide-Track is the reason. It grips the road more securely under all of a wagon's varying load conditions. It is resistant to cross winds. And it takes the curves and turns with less lean and sway, even with full cargo. If you're in a station wagon mood, make no decision before driving a Wide-Track Pontiac Safari!

Wide-Track widens the stance, not the car. With the widest track of any car, Pontiac gives you better stability, accurate control, less lean and sway.
