

Most of us, at various times, are oppressed with anxiety over some impending condition. . . it may be related to a feeling of insecurity, to health, to passing of a loved one, or some other personal subject. Another name for it is familiar: worry. Strange, too, that this so often concerns a presumed condition not current at the time. . . just one of those things that may happen in the future.

A student-faculty committee has been organized by the Student council to work on the "aims and objectives" of professional assemblies.

The committee, which consists of Miss Strickling, Mr. Keller, Mrs. Karth, Miss Amunson, and student council officers Mike Davis, president; Sue Fortenbaugh, vice president; and Sarah Hoeckert, secretary, is to decide on the kind, the number of these assemblies which should take place during the year, as well as the expense.

Another Student council project, which is being strongly supported by the students, is the purchasing of a mail machine for lunch time. Many problems have arisen, one being the expense.

Hopeful students are awaiting the final decision.

The Latin classes are holding another bake sale tomorrow during fourth hour.
