

By ALICE WESSELS BURLINGAME scenarior greater with growth to cover up the surgery.

"This is the hour" to give your evergreens a good shearing the control they will experience their maximum growth cycle for 1960. Where you make your radical cuts in shaping evergreens, they will rapidly have fresh growth to cover up the surgery. If you have any amount of evergreens you ought to have good shearing cutters to most it. Not have a many surgery in the morning evergreens you ought to have good shearing cutters to most it. Not have grown the sale regarder when the many up in the garage when hang up in the garage when hand in use.

AT THE RESIDENCE of Jon Port, 7551 Republic, just not will found fertilizer along the surgery of the sur

STITING ALONG the sidelines it is among to been person's status determined by how much prokill endorses killer they use. It is a many years and the property of the same the same property of the same they are the same the same they are the same the same they are the same the same they are the same th
