

**CITY OF BLOOMFIELD HILLS**

**NOTICE OF SPECIAL ELECTION**

TO THE QUALIFIED ELECTORS OF THE CITY OF BLOOMFIELD HILLS, OAKLAND COUNTY, MICHIGAN:

NOTICE IS HEREBY GIVEN that a special election will be held in the City of Bloomfield Hills, Oakland County, Michigan, on Monday, the 19th day of December, 1960, from 7:00 o'clock A.M. to 8:00 o'clock P.M., Eastern Standard Time, to vote upon the following proposition:

Shall the City of Bloomfield Hills, Oakland County, Michigan, borrow the sum of One Million Five Hundred Thousand Dollars (\$1,500,000) and issue its general obligation bonds therefor, for the purpose of defraying the cost of constructing a system of sanitary sewers in said City together with necessary appurtenances?

NOTICE IS FURTHER GIVEN that the voting places for said election will be as follows:

Precinct No. 1—Bloomfield Hills Fire Hall,  
45 East Long Lake Road.

Precinct No. 2—St. Dunstan's Playhouse,  
440 Lone Pine Road.

NOTICE IS FURTHER GIVEN that only those qualified electors of the City of Bloomfield Hills who have properly assessed for taxation in said City or who are the lawful husbands or wives of such persons shall be eligible to vote on said bond proposition.

Robert J. Stadler  
City Clerk

**TB Association Opens Annual Seal Campaign**

"Protect the family circle" is the aim of the Oakland county Tuberculosis association as it opens its 1960 Christmas Seal Campaign.

The traditional annual fund-raising project opened with the mailing of Christmas seals to Oakland county residents. The Christmas seals are sold support of the Oakland county Tuberculosis association.

Joseph C. Austin, president of the association, said "We must see to it that every family is spared the suffering and tragedy of this long-term, chronic illness."

"Proceeds from this year's Christmas seal campaign must do more than maintain our present tuberculosis control activities. We must expand our effort to find all the unknown cases of tuberculosis lurking in this community. We must increase our efforts to help ex-TB patients get back on their feet and stay there. We must extend our educational program so that people of all ages learn how to protect themselves from tuberculosis. We must put more money into medical research to find better ways of fighting tuberculosis."

Volunteer groups participating in the campaign include Cook Nelson Post of American Legion, Oakland county council, Ladies Auxiliary; Veterans Foreign wars, Birmingham Junior League, 8 and 40, Oakland county salon 224, Future Nurses Club of Pontiac Central high school, Rochester community schools, Walled Lake consolidated schools and Mrs. Charles Curtis, Mrs. W. J. Holiday and Mrs. M. R. Geisel, of Southfield.

**Mathematics May Be "Must" For Teachers**

Every American grade school teacher will take at least two years of college mathematics if a proposal made by the mathematical association of American is adopted.

This would be the first step in a planned revolution in college mathematics instruction. It is a revolution being supported by a two-year, \$250,000 federal grant to the association's committee on the undergraduate program.

Through its board of governors, the association adopted recommendations and sample courses for every prospective teacher of mathematics.

These proposals would at least triple the average high school teacher's preparation and would wipe out what many studies have termed a mathematical illiteracy among elementary teachers.

**MSUO Lists Courses**

ROCHESTER—The winter term brochure, listing 47 courses, has just been released by the office of Continuing Education, MSUO.

Twelve courses have been added to the program.

Persons who wish to obtain a copy of the brochure should write to the University.

**Dwelling Unit Permits Down**

Oakland county's net total of dwelling unit permits issued for the first nine months of 1960 was 3,082 compared to 4,141 for the same period of 1959. This was a loss of 1,059 units or 25 per cent.

Reduced migration and slower family formation are among major factors for the further housing decline in the Detroit region, according to a report from the Detroit Metropolitan area regional planning commission.

Beverly Hills was listed for 39 permits; Bingham Farms, 2; Birmingham, 29; Bloomfield Hills, 12; Bloomfield township, 285; Franklin, 20; Lakrup, 17; Southfield, 258; Troy, 157; West Bloomfield township, 110 and Wood Creek Farms, 2.

**Stepped-Up Fund Raising For Polio Set**

A stepped-up, near-emergency fund raising program was the chief topic Monday evening at a board of directors meeting of the Oakland County chapter of the March of Dimes.

Heading the discussion of emergency measures was the Rev. G. Burton Hodgson, chapter chairman, who told the assembled board members that "critical needs require critical measures."

"In so far as new polio cases are concerned," he said, "1960 to date has been a better than average year. Nine new cases have been reported; six children under eight years of age and three young family men. The extent of polio damage has not been determined in every case."

"BUT OUR present financial condition will not permit us to give adequate aid to these people, while at the same time aiding the other 208 patients on our Oakland County patient aid rolls, unless a great deal of additional funds are raised during our January drive," Mr. Hodgson reported.

To emphasize the near-emergency financial condition of the Oakland County chapter, Mr. Hodgson referred to the chapter's financial statement as of Oct. 31. This report showed that the chapter was holding unpaid bills totaling \$14,500, and already has

**Teachers to Visit Schools; Attend Annual Workshop**

Several Birmingham teachers and school personnel will attend the annual workshop for "The Improvement of Teaching Skills" in Farmington today. Among them is Fritz Pinta, director of Adams school. The workshop was announced by Dr. Harry T. Hahn, director of curriculum for Oakland county.

A selected group of teachers from 18 Oakland county school districts will participate also in an

extensive program of classroom visits.

Minnie Zielke, Director of elementary education in Farmington, indicated that the morning program will include visits to classrooms in six of the elementary school buildings.

DURING the visitation periods, the Farmington teachers will show how they have been able to expand their teaching skill through the use of fine arts in the classroom.

In addition, visitors from all parts of the county will be given an opportunity to explore the various media used in fine arts, in the form of a "do it yourself" workshop during the afternoon session.

Dr. Hahn and Miss Zielke also will conduct a panel discussion.

Two Farmington principals, Robert McBride and Jack Cleveland, are co-chairmen of the event. Approximately 200 participants are expected to take part in the in-service training program.

THE WORKSHOP program is one of a series of in-service training arrangements provided by school administrators in the metropolitan area.
