The Purpose of Unity

The purpose of the Unity School of Christianity is not to found another sect, but to show all men their common aim and their common brotherhood; not to separate them & to emphasize their differences, but to bind them together more closely. Through helping churchgoers to apply to their daily living the principles taught by Jesus Christ, Unity makes any church affiliation even more practical.

Unity School spreads its teachings largely by means of its literature, which interprets the Scriptures meta-physically and explains the action of the mind—the connecting link between God and man. How the mind affects the body, producing disorder or harmony, sickness or health, lack or prosperity, here and now, is made clear in the Unity publications.

Unity centers, churches, and study classes are places of religious research for all people, regardless of creed; and places where helpful instruction in Christian living may be received.
