

# FOR AND ABOUT TODAY'S YOUTH

## Holy Name

### They're Riding High on Crest of Confidence

BY JUDY GOODE

The boy's varsity played Our Lady Queen of Martyrs and defeated them by a score of 46-12. Dave Walter outdid himself and scored 22 points. The boys have scored clean with no losses.

**ROLLINS GOLDEN ANNIVERSARY YEAR**

Fur products labeled to show Country of Origin of Imported Furs. \*T.M. Mutation Mink Breeders Association.

## Barnum JHS

### Been a Change Of Pace in the Girls' Gym Class

By the Press Club

Barnum has another teacher. Yes, since the girls' gym teacher, Mrs. Horst left, there is another member of the Barnum faculty. She is Miss Patricia Santura, a graduate of Eastern Michigan University. Miss Santura likes Barnum (so far), television, and reading westerns. As she is a physical education teacher, she likes all sports, of course, but she seems to find field hockey her favorite.

As she sits in her home in Warren, Miss Santura knits (of all things for a gym teacher to do). She not only has a regular teacher's certificate but also holds a Red Cross instructor's card.

Since she is an independent voter, Miss Santura has no political views. The National Junior Honor society dance, "Rockin' into '60," will be Feb. 25, in Barnum's cafeteria. The disc jockey will be Dick French for WWJ. Seventy records and 12 movie passes will be given away during the evening.

Profits obtained from the dance will be used to buy pins for the new members who will be selected this spring.

Homeroom activities this week centered around the cancer drive Feb. 10. Students brought in old, clean sheets and white shirts for the drive.

Homeroom presidents brought the materials to the office for the members of the Cancer society who will use it for the making of the cancer pads.

From Feb. 15 through Feb. 20, the homerooms will work on the clothing drive which is sponsored by the President's club. Clothes collected will be given to the Save the Children federation.

Ninety to 100 girls are expected at Birmingham Bowling lanes Feb. 12, after school. The girls' gym teacher, Miss Santura, will organize teams at the lanes.

John D. Rockefeller founded the University of Chicago.

right up to the eighth grade and pictures of oneself at different ages.

This task is by no means one anybody relishes but it must be done so here we go, plowing in to the past for the next two weeks.

only these more games awaiting them before (if they win them all) they go out for a championship. The girls played magnificently and beat St. Frederick's of Pontiac by 56-9. Gretchen Keefe, star player, racked up 18 points by herself.

The girls are also looking for a championship with only two games remaining to be played.

Everyone at Holy Name is keeping the word "championship" high in their minds. We are all hoping our teams will make it to the top and, since our teams need confidence, we know they will. In the hopes that they will get a chance at the championship, Holy Name teams have been doing a little outside practice by playing non-league games.

Tuesday, Feb. 2 the girl's varsity played Gesu, but unfortunately lost, 22-17. Since this was a league game it didn't hurt our standings, but we know that we need more practice to have a chance in the championships if we make them.

Monday, Feb. 1, the boys played a practice game at Derby and, joy of joys, beat them by 10 points. The final score was 33-23.

The joy didn't last long because on Wednesday, Feb. 3, we played the boys from Gesu. We lost by a mere two points, 29-27. Since we broke even we don't really feel too bad.

These practice games, however, have proved that we could use more practice, and that's one thing our teams can get plenty of.

Report cards are once more peeking over the horizon of March.

March may seem far off now, but next week, most of us won't feel that way. March will bring about our third card. This leaves only two more before school closes.

It isn't too late to do something about our final marks but if something needs doing we'll have to hustle.

Eighth-graders at Holy Name have set about the annual task of preparing an autobiography.

This autobiography is something done every year by the eighth graders and this year will be no different. They are due about two weeks from today.

They will consist of a life story
