Meet George E. O'Brien...

...a good man to know

George O'Brien is an old "pro" when it comes to securities. His career started back in 1928! His background is his strength—for it includes "putting together" underwritings of new issues and managing syndicates. His broad experience with every type of security was gained by working as a Registered Investment Counselor. With 31 years of experience, he's learned a lot . . . a lot on how to help people with their investments.

Natural GAS YOUR SILENT SERVANT

We Add The Odor To Protect Gas Customers

Before natural gas enters the city mains it has no odor. As a safety measure we add at harmless chemical to provide an aid to leakage detection. This is only one of many steps taken by the gas industry to dissure safety. Every piece of pipe, every joint, is inspected and tested before and after it goes into the ground.

The American Gas Association operates extensive testing laboratories to make sure the gas appliances you use conform to rigid safety requirements.

Constant vigilance by all brainches of the natural gas industry keep it one of the safest fuels in home or industry. Before natural gas enters the city mains it
