

### New Community Church Formed In Birmingham

The formation of a new church for the Birmingham area has just been announced by its pastor Gordon E. Donaldson.

The Birmingham Community church, which holds services in the Birmingham YMCA building, has come into existence through the interest of several Birmingham families to establish a non-denominational, evangelical church without a pastor.

Mr. Donaldson, assistant area director for Missionary Interchange, Inc., has been invited to undertake pastoral duties during the beginning of the church.

He is a graduate of Multnomah school of the bible, Portland, Ore., and attended Wheaton college, Wheaton, Ill.

THE REGULAR services of the church, meeting temporarily at the YMCA, 400 E. Lakeside, are Sunday bible school from 8:30 to 9 a.m.; morning worship from 9 to 10 a.m.; and evening worship from 7 to 8 p.m.

Thursday prayer meetings are from 7:30 to 8 p.m. and bible study classes on Thursday from 8 to 9 p.m.

### James Hare to Visit Oakland Community

James M. Hare, Michigan Secretary of State and a democratic candidate for Governor, will spend all day tomorrow, July 22, visiting various Oakland county communities, seeking voters' support.

After a full day in Pontiac and northern county towns, he will speak at a dinner at the Royal Oak Carver school at 6:30 p.m. His wind-up talk will be at 9 1/2 Mile and Coolidge in Oak Park, at the Community Center.

Class S. Jaros, 122 Concord road, Bloomfield Hills, is co-ordinator for Hare in Oakland county.

dent, with the capacity for dynamic and imaginative leadership.

We need an American people willing, if necessary, to make temporary sacrifices in their standard of living. We need a dedicated, responsible and unbiased American press.

As for the United Nations, anyone who believes the United States can go it alone now or at any time in the future, has no ready understanding of the present world situation. General Clark and other unnamed "prominent Americans" notwithstanding. In stating that the UN is a failure, The Eccentric has demonstrated a shocking lack of faith and public responsibility.

EDITOR'S NOTE: Mr. Lyman has, apparently, forgotten that some months ago we praised the UN for many of its achievements, and agreed that it is deserving of continuation. We did emphasize, however, that the UN has, wittingly or otherwise, led the public to believe that it can prevent war, when so long as Russia and its satellite Communist nations are members, with Russia holding a veto power, this hope is but wishful thinking. In brief, we said that the UN should confine its promises of existing or potential accomplishments to a more realistic basis.

**BREATHE PURER, FRESHER AIR IN MINUTES WITH PURITRON®**

New electronic miracle helps rid the air of dust-pollen, odors and smoke!

No bigger than a radio, this portable Puritron can do so much for the air in a 15 x 15 ft. room... even an unventilated kitchen, or office without windows. Just plug it in. It cleanses the air electronically, then recirculates it in a constant fresh supply. (Imagine sleeping in such clear air!) Wonderful in a kitchen, Puritron actually "inhales" grease particles before they can stain walls. White or gray. It does all we say, or your money back.

WHAT DOCTORS SAY ABOUT

**Stretch Sox Okay**

- Bifocal Contacts
- A Rumor
- Natural Childbirth

Q. Can the wearing of stretch socks cause any sort of foot trouble, especially in children?  
A. No reference to injurious effects of wearing stretch socks can be found in the medical literature. There would seem to be no reason to expect trouble from the wearing of stretch socks.

Q. Are contact lens satisfactory? Do they come in bifocals?  
A. Most eye doctors consider contact lens satisfactory with certain reservations. Optically, they are ideal; practically, they leave something to be desired. They will probably never entirely replace ordinary spectacles. Yes, bifocal contact lens are being developed but as yet are more or less experimental.

Q. Will food cooked in aluminum pans cause cancer?  
A. No. Where this rumor started is a mystery, but there is no truth to it.

Q. Exactly what is "natural childbirth"?  
A. It is a drugless method by which delivery is made easier. The concept originated with an English physician who theorized that among civilized people the pain of labor is due to fear. This, in turn, prevents relaxation and generates painful reactions. The pain creates further fear and so on in a vicious cycle is set up. The doctor's method is designed to eliminate this fear of labor by instructional measures during pregnancy. Women are taught the simple facts about pregnancy and labor, how to relax, and what exercises to take during pregnancy. This paves the way for more natural labor, according to the doctor.
