

How irrational it is for a person to attempt to regulate, to govern in minute detail, the lives of others. The personal history of many past and present dictators reveals that most of them were failures in many ways in their personal relations with family and friends, and many of them in vocational pursuits. Strange, how they sought release in tyranny.

## 500 Volunteers Needed to Help Out In Leukemia Drive

Five-hundred area women volunteers are wanted to carry out the canister crusade for St. Jude's hospital Leukemia Research Center, on March 15. Mrs. Bekolay is the newly appointed city director for the Greater Detroit area and suburbs.

Since Nov. 24, when Mrs. Bekolay was appointed to the job, she has worked day and night trying to enlist the aid of friends, neighbors and relatives, in forming a Greater Detroit chapter, which must be ready to act jointly with every city in the United States for the entire month of March, and come up with a quota of \$50,000.

WHILE THIS seems like a rather nominal sum for so great a charity, the fact that a chapter is barely established, in this area makes the amount seem phenomenal.

Funds for the building of the hospital have been raised; the function of ALSAC, aiding leukemia stricken American children, the name of the organization which she heads, and founded by Danny Thomas, is to raise money for the maintenance and operation of the hospital.

A COMPLETELY charitable hospital, St. Jude, will take in every child regardless of race, color or creed, from every state in the union. . . as Danny Thomas says, "There will be no accounts payable in this hospital!"

Area women wishing to help by offering to take a canister and be ready to crusade with it on March 16 please contact Mrs. John Bekolay, 32225 Evergreen, Birmingham.

DONATIONS may be mailed to ALSAC-St. Jude hospital, 370 Woodmere, Detroit 8.
