VALLEY WOODS—Mr. and Mrs. Paul E. Schuster and Mr. and Mrs. Fred G. Westbury of Bellevue Trail have returned from a three-week vacation in Mexico.

After 10 days in Acapulco, the two couples returned to Mexico City along with Mr. and Mrs. John Korte of Grand Rapids. There they had the pleasure of dining with Mr. and Mrs. James Ferrari, second secretary of the American Embassy, and his wife.

Leaving Mexico City, they made a guided tour of other points of interest, spending a few days in Penasol and Fort de Los Flores known for its gardens - covered swimming pool, its banana and coffee plantations, and also visited Mexico's important port, Vera Cruz on the gulf. The highlight of the trip, however, for Korte was the landing of a 140 lb. 10-foot sailfish while at Acapulco.

Valley Woods Has Coffee, Sinks And Hash Session

BEVERLY HILLS—Coffee and doughnuts and a lot of hatching over drainage and road problems drew more than 150 Valley Woods residents to the area's school Monday night.

The property owners voted to insist that the village council improve road maintenance, improve drainage, and stop area home owners from filling in ditches and culverts.

On the recommendation of the subdivision association's officers, the home owners voted to go ahead with participation in the assessment district to finance sewer lateral in the village's western portion. They were urged to vote, and get friends to vote approval of the village's \$140,000 obligation bond proposal March 14.

The financing of the sewer lateral will put the village at its bonding limit for this year, and costs were told by association president Jack Bush that the much desired blacktopping of roads could not be carried out in 1960.
