Center Proposed On Lahser

BLOOMFIELD TOWNSHIP — A proposal to erect a half-million dollar shopping center at the southeast corner of Maple and Lahser roads is under consideration by Bloomfield township zoning board.

A plan to develop the seven-and-a-half-acre site was presented to the board Monday night by Harry Wise, spokesman for Westchester Development company.

The property would have to be rezoned from residential to commercial use.

THE BOARD accepted the rezoning petition, but indicated no action would be taken until the matter had been discussed with township planning consultants, Villian-Leman.

As outlined by Wise, the shopping center would face Maple, with a 450-car off-street parking area. All entrances and exits would be placed where township authorities agreed was best for traffic safety and control.

Individual shops would be housed in a 58,000-square-foot brick and glass building.

ONE FOOD market is planned. Other shops would include clothing stores, and developers hope suburban extensions of Birmingham shops. There would be no service stations.

In arguing for commercial zoning, Wise pointed out that the northeast corner of Maple is already zoned commercial, that the northeast corner is occupied by a real estate office, and that the southeast corner has a non-conforming two-family dwelling.

A Detroit Edison sub-station is built on Lahser property adjoining the proposed development.

The zoning board plans to meet with Villian-Leman in close session within the next two weeks.

Beverly Hills Drops Policy On Chlodring

BEVERLY HILLS — Clouds of dust, coupled with storms of anger from residents has caused the Beverly Hills road commission to drop its policy in the sponge and plan road ordinance in 1960.

There will be no chlodring, only oiling of the village roads, Councilman Leo J. Linsenmeyer, road commission chairman, said this week.

The village spent \$10,000 on dust control last year, most of which was chlodring, Linsenmeyer said, adding a point on which most residents agreed, "We don't feel these experiments were satisfactory, especially on the dirt roads like Evergreen, Pierce and Beverly."

THE ROAD commission planned at a meeting last week, to let a village-wide referendum decide whether to follow the lowest bidder, following a public hearing on the oil vs. chlodring issue. The oil vs. chlodring cost on tax bills.

While road maintenance costs higher with oiling, Linsenmeyer said it will be better to spend extra money than to have dust billowing into the houses' laundry.

He said chlodring may be continued where a majority of a street's residents desire it.

Transitional Zone Ordinance Gets Reading in Lathrup

LATHRUP — Following a public hearing on a proposed zoning change to give Lathrup a transitional professional bumper zone, against commercial encroachment council members Monday gave the new ordinance No. 22 its first reading.

The new ordinance will open the way for an American Automobile association office near 10 1/2 Mile road and a most office building on Southfield road.

S'field Auto Accident Fatal to Woman

SOUTHFIELD — A 77-year-old Royal Oak woman died Sunday in a head-on collision following an automobile accident in Southfield.

The accident occurred at North-western highway and 19 1/2 Mile road.

Voting Machines Available in 4 Villages

As in the past, voters in the March 14 village election of Wood Creek village will be served coffee and cookies when they come to the polls.

The polls will be set up at the village's new fire hall on Franklin road, from 7 a. m. to 8 p. m.

Divided sentiments over the three questions about the former Franklin Community church, plus the appearance of 15 candidates on the ballot promises to bring a heavy turnout to the polls.

FRANKLIN'S council voted unanimously in January to put before the voters the question of purchasing the former church on German Hill road at Calvin.

They tied together the \$25,000 purchase with the question of a special 1 1/2 mill tax to finance it. If the purchase is approved with- out the tax, then the village will not be obligated to acquire the old church.

The zoning proposition, question 23, related to the old church property. It asks voter approval of a professional zoning for the lot, now zoned residential.

THE ISSUE was placed on the ballot after a dentist requested the zoning for a clinic at the corner. The dentist has moved away and will be unable to purchase the property. But Franklin Community church has intentions for the building.

While Village Treasurer Robert Smith opposed the church purchase, the board of the Franklin community board has distributed a booklet to the voters, explaining the issue, stating "Franklin needs additional office space and a library facilities—this is an opportunity which may never be offered again."

The charter amendment on Monday's ballot asks voters to elect a new board of trustees on Franklin road and Romany way in the Franklin school vicinity, if deemed necessary. The move was made after a safety report from the Automobile club of Michigan recommended sidewalks near the school.

THE THREE questions, as they will appear on the ballot, are: 1. Shall the village purchase the property at the southwest corner of German Hill road and Calvin street in the village of Franklin described as lot 41 of Superior's plan of the township of Southfield, Oakland county, Michigan, owned by the Franklin Community church, for use as a library, and other community activities, at a purchase price of \$25,000, immediately payable and with the balance to be paid by general fund, at no more than six per cent per annum, and a most office building on Southfield road.

2. Shall the village purchase the property at the southwest corner of German Hill road and Calvin street in the village of Franklin described as lot 41 of Superior's plan of the township of Southfield, Oakland county, Michigan, owned by the Franklin Community church, for use as a library, and other community activities, at a purchase price of \$25,000, immediately payable and with the balance to be paid by general fund, at no more than six per cent per annum, and a most office building on Southfield road.

Bingham Election A Cinch

BINGHAM FARMS — Two new councilmen and a new village clerk appear on the "no contest" slate for Bingham at Outland's Stables on 14 Farm Farms' March 14 election.

Bleeker, 32810 Bingham lane, a resident of two years, enters the government scene for a two-year term with 12-year resident John A. Gress, 30433 Bristol lane. Mrs. James McGuire, 23600 W. 12 Mile road, mother of six, will be on the ballot as clerk.

Incumbent councilman Neil E. Warren, treasurer James M. Washburne and assessor Walter J. Gersick complete the slate.

BLEEKER, 38, is sales manager for the glass division of Ford Motor company. Father of 10-year-old Pamela, a student at Franklin Dakota, and 13-year-old Sharon, attending Grosse. Bleeker claims Bingham State university, U of D and U of M as his schools after graduating from Cooleigh high in Detroit. This is his first public office.

WARREN, 48, has been with American Standard Radiator company of Dearborn for nine years. He is presently superintendent of the industrial art major at Marygrove college, she also attended high school in Detroit. She is an active member of the St. Gabriel guild and Marygrove chapter alumnae network, last year she was Bingham's civic chairman of the Torch Drive.

THREE of his six children, James, 14; 13-year-old twins Andrew and Allen, attend Holy Name, Five-school of town is at Franklin, Joan S. and Matthew, 2, complete the family.

MRS. MCGUIRE, 38, is the wife of James McGuire, retiring accountant. A member of Marygrove college, she also attended high school in Detroit. She is an active member of the St. Gabriel guild and Marygrove chapter alumnae network, last year she was Bingham's civic chairman of the Torch Drive.

Beverly To Pick 4 For Council

BEVERLY HILLS — Two men are making a bid to unseat Beverly Hill's council incumbents in Monday's election, an important bonding proposal is up for voter approval, and veteran Southfield Township Clerk Fannie Adams is opposed by a political newcomer, Mrs. Betty Chinn.

Village Clerk Alice Spencer predicted a fair turnout of approximately 1,000 of the village's more than 3,000 voters. She will maintain office hours Saturday from 9 a. m. to 2 p. m., the deadline for casting absentee ballots.

The five polling places will be open Monday from 7 a. m. to 8 p. m. Incumbent councilmen seeking reelection are Village President Marvin B. Cline, Hugh G. Allerton, Jr., Leo J. Linsenmeyer and John McLaughlin.

THEY ARE challenged by Herman J. Draxick, who was defeated last year in his bid for a council seat, and Claude A. Shephard, two new vote-getters will get two-year terms, while the fourth man will be elected to one-year term.

Some village civic associations have endorsed specific candidates for the election. The Westside Valley Woods association's endorsement of a meeting of Herman J. Draxick, an east Beverly resident.

VALLEY WOODS association President Jack A. Bush and some of the area's residents are protesting dissatisfaction with the present village council following a misunderstanding in which cost estimates given to the area's home owners were incorrect.

The association's endorsement came at a meeting of 150 Valley Woods residents which two village councilmen offered to attend to explain the council's position. The two were told it would be better if they did not attend.
