**How To Have The Fun of a Four Month Vacation! (This Year)**  
 Most people, when they think of summer vacations, think of swimming.  
 Well, you don't have to stir out of your own backyard this year, or for many, many years, to enjoy the pure pleasure of a SURF-Side pool, the most wanted swimming pool in America today.  
 It's more than fun. It can prove to be profitable. A really good, trouble-free, service-free pool, like the SURF-Side, can add greatly to the value of your home. A recent READERS DIGEST article told of a man who couldn't sell a \$25,000 house. He added a \$3000 pool and the day after it was filled with water, he sold the place for \$40,000! There are many similar stories for pools are rapidly being recognized as true Home Improvements, a wise investment in family living. There are few things you can buy that return so much in health and happiness.  
 When you're ready to put in your pool we believe we can show you how the SURF-Side offers more real value than any other pool you can get. It's been called "The Cadillac of Swimming Pools" and with good reason. Some of the things you get are described on the opposite page.  
 See a SURF-Side pool installed. Call Mr. Scherer at
