

Hand Pre-Rinsing Now Eliminated By Dishwasher

Another of the housewife's most hated chores—hand pre-rinsing food off dishes, utensils, pots, and pans—has been eliminated by today's dishwasher.

Now models of dishwashers are available with a pre-rinsing cycle that permits the housewife to

merely scrape excess food off plates, pots, and pans before placing them in the dishwasher.

HERE'S HOW this pre-rinsing cycle works:

Hot water at high-velocity is forced throughout the dishwasher,

soaking and securing food away, preparing dishes, utensils, pots, and pans for the cleaning and sanitizing wash cycles to follow.

These cycles include repeated washes in hot water loaded with detergent, repeated rinses, and drying with warm air.

Rodney Lockwood, left, 580 Havenhill, Bloomfield Hills, shows an interested visitor part of the view that he can expect from the Fashion Home for 60, designed and built by Lockwood and located in Cranbrook Village.

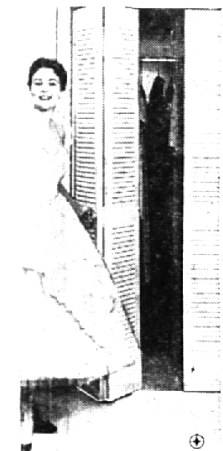

Fashion Home for 1960 Designed by Local Man

Cranbrook Village, a rustic setting of wooded lots, streams, picturesque waterfalls and quaint bridge, has opened the "Fashion Home for 60", a four-bedroom, brick colonial ranch.

Crabgrass Is Late Gives Its Foes Extra Grace Period

If you want to prevent crabgrass in your lawn this year, you have an extra month to apply pre-season control.

This extra grace period is due to the heavy snows and cold weather which have delayed the germination of crabgrass seed. In normal seasons this starts to take place between April 15 and May 1.

Folding Metal

Metal bifold doors are beautiful, give access to whole closet, will not warp.

Designed and built by Rodney Lockwood & company, developers of the \$30,000,000 community, the new model reflects the present day trend toward the return of colonial architecture.

THE PENDULUM in architectural design, as governed by public demand, presents a most interesting graphic study," said Rodney Lockwood, president and founder of one of Detroit's oldest building firms.

"For example," he continued, "over the past twenty years we have witnessed the birth of bi-levels, tri-levels, L-shaped homes and a myriad of variations of the ranch. Present day homebuyers, however, are reverting back to traditional styling . . . with a strong preference toward colonial variations."

BOASTING OVER 1620 square feet of living area on the main level, the "Fashion Home for 60" features a full basement.

In addition to the three spacious bedrooms located in a separate wing, a bowered-door family room which is easily adaptable to a fourth bedroom, is directly off the living-dining area and accessible to the center hall.

THE FLOOR PLAN also includes two and one-half baths, a family-styled kitchen, a spacious living room with a fireplace, a dining room opening onto a rear patio and an attached two-car garage.

The fireplace, attached two-car garage with a solid concrete drive, and a completely landscaped lot are included in the purchase price of the home.

Located at 30510 Northgate drive off 13 Mile road between Southfield and Evergreen roads, the "Fashion Home for 60" is open daily and Sunday from 1:00 to 9:00 p.m.

Real Cool

An attic fan to cool your entire house is a worthwhile investment in summer comfort.

SPRAY AWAY GARDEN PESTS!

GET THIS \$3.49 VALUE
