**Lassiter Murder Case Postponed**

A hearing on a motion to dismiss the first-degree murder and conspiracy charges against Mrs. Nelle Lassiter, of Beverly Hills, and Gordon Watson has been postponed indefinitely.

Wayne county circuit Judge Joseph G. Rashid granted the request of Mrs. Lassiter's attorney, Joseph W. Louissell, last Friday. Louissell asked for the delay to enable him to defend down-river gambler Russell Trick before Judge Edward S. Piggins.

A defense motion asking Judge Rashid to disqualify himself as trial judge in the case will be ruled on at a later date.

The request was made because he Rashid had heard and sentenced to life imprisonment three men who pled guilty to second-degree murder in the April, 1950 slaying of Mrs. Lassiter's husband, Parvin.

Mrs. Lassiter and Watson also charged with Parvin Lassiter's murder, remain free on \$15,000 bond each.

The Answers to Your Gardening Questions by Bob

**QUESTION OF THE WEEK:**  
Is it possible to give plants too much nitrogen?

**BOB'S ANSWER:**  
While nitrogen is necessary to the healthy growth of your plants, you should avoid giving them too much of it. An excess of nitrogen makes for a soft growth which is susceptible to attacks by insects. Call us for more specific explanations.
