Sally Blanchard Wears Gown of Silk Chiffon

Christ Church Cranbrook was the setting Saturday for the marriage of Sally Blanchard to C. Richard Cadigan. The 5 o'clock ceremony was performed by the Rev. Robert DeWitt and assisted by the bridegroom's uncle, the Rev. George L. Cadigan of Missouri.

Following the ceremony, a reception followed at the home of the bride's parents, Mr. and Mrs. John W. Blanchard of Lane Pine road, Bloomfield Hills. The bridegroom is the son of Mrs. E. W. Cadigan of Amherst, Mass., and Charles H. Cadigan of Houston, Tex.

THE BRIDE wore a gown of white silk chiffon fashioned with a gathered midriff of peau de soie, raised neckline and three quarter length sleeves. Her mantilla of imported Belgian lace fell softly to the midriff above the full sweep of her skirt. She carried amazon lilies and lilies of the valley.

Maid of honor was the bride's sister, Betsy Blanchard and bridesmaids were Judy Bell and Mrs. Houshang Westell. They wore periwinkle blue silk shantung gowns and carried delphinium and ivy.

4-D THE BIRMINGHAM (MICH.) ECCENTRIC Sept. 8, 1960

Their headpieces were wreaths of ivy.

PETER L. Cadigan, cousin of the groom, stood as best man. Ushering were Richard M. Wenner, John Spurdie, Jr., Walter Taylor and John Blanchard.

Mother of the bride chose a cornflower blue Italian silk dress and the mother-of-the-groom selected

a sea foam green silk chiffon dress.

THE NEWLYWEDS will make their home in Cambridge, Mass.

Club's Steak Roast

Members of Pine Lake country club dined on the beach and danced on the terrace Saturday evening. After dinner, the couples whirled to the music of Bob Grayson.

FASCINATING FACTS ABOUT NATURAL GAS

Before the modern era of steel pipelines, there was no practical way of moving Natural Gas from the well to the market—so it was wasted. Consequently, so it was that the local gas companies piped manufactured gas through street mains for domestic service. The turn-of-the-century housewife was delighted with gas conveniences but could not afford its luxury. Gracious Gas Living was only for the rich!

Today, a vast network of modern steel pipelines has changed all this. Clean burning with high heat value, Nature's miracle fuel is now being served at economical costs to consumers in every section of the country. In every section of the country, the Natural Gas journey from the gas-rich areas to virtually every section of the country to bring Gracious Gas Living and Prosperity to millions of American homes, businesses and industries.

*In 1870, a wooden pipeline 25 miles long was an accomplishment! At the beginning of 1959, the Natural Gas industry had enough miles of pipeline to circle the earth 22 times! In Consumers Power Company's area alone, there are 7,000 miles of pipelines.
