story will encourage new recruits for the Grays. He's already cast his spell on the boy across the street, 14-year-old Jim Speicher. Jim has just joined to become the youngest member of Company K and the only bugler in the outfit. He has an authentic Civil War horn.

CURRENT North-South Skirmish National Commander James Walters, of Cleveland, once explained, "We are not just playing soldier. We honor the great generation of men who stood on both sides of the line in the Civil War. We fire their weapons as they fired them, and keep alive the great traditions and customs of the most tempestuous era of American history." So, you see—Don is a rebel, but he has a cause.

Two New Laws Set Rules for Beverly Sewers

BEVERLY HILLS — Two ordinances regulating clean, for and use of sewers in Beverly Hills were passed by the council Monday night.
Ordinance 38 states that within 90 days after a home owner is notified that sewers are available, use of septic tanks shall be unlawful. Only exception is made for homes located more than 400 feet from the nearest sewer lateral connection.
The \$290 tap-in fee established by the new law will be payable over a ten-year period at six per cent, with annual payments starting at \$41.60 and graduating to \$27.66.
The \$229.50 share of the cost of general obligation bonds for homes on the big Valley Woods interceptor can be paid over a 15-year period, the law states.

FAILURE to comply with the new laws is punishable by a fine of up to \$100 and up to 90 days' imprisonment.

Lathrup School Seventh Grade Issue Resolved

LATHRUP — Most of the parents who objected to their seventh grade children's schooling at Lathrup elementary school were reassured about their instruction by Southfield board of education representatives on Tuesday of last week.

Only "two or three" families left the session dissatisfied and were given the prerogative of a transfer, according to Assistant Superintendent Norman Olmsted.

Seventeen of the 34 Lathrup seventh grade students had been represented by parents at a board of education meeting the night before, Olmsted said. He estimated that parents of about 10 students attended the Tuesday session.
"I think the problem has been resolved," Olmsted said, "by considering a transfer on an individual basis of any student whose parents are still concerned. It doesn't help them or the child to keep them in a situation they cannot accept."
