Ups and Downs Mark Mexican Plane Trip

GILBERT LAKE — Winging their way home from Mexico last week in their own plane were Mr. and Mrs. Charles Bay of Quanton Road. Flying with the Bays were their son, Bud, 11 and his friend, Bruce Hall. Their first stop was in Paris, Tex. for a weekend with relatives. Back in the air again they planned to follow the Mexican coastline making their first landing in Tampico. Next destination was Vera Cruz but bad weather forced them to land in Tuxpan and stay overnight. No one in this small village spoke English but the Bays met a policeman who found them a place to stay and ordered meals for them. After two days in Vera Cruz, the Bays stopped on the coast at Carmen to refuel, spent a day in Campeche then landed in Merida where they visited the Mayan ruins. FAVORITE SPOT was the island of Cozumel where they spent six days swimming and skin diving. On boating trips they caught and cooked fish and lobsters and, on the trip to the northern end of the island, enjoyed turtle and bird watching. Chetumal was their next stop and Mrs. Bay eagerly anticipated a shopping spree to stud and perfumes, cashmere and other feminine luxuries found everything closed for the Easter weekend. The next day they flew to Belize, British Honduras, and Mrs. Bay discovered the same situation there.

Mr. and Mrs. W. Carleton Scott of Lane Lake Road returned home in their private plane, following their annual trip to Mexico, just in

It's Time to Start "Angling" for that Summer Vacation!

Many people are always talking about the vacation they hope to have. But when vacation time arrives they suddenly awake to the fact that it's "Too Late" ... they have made no financial provisions. They are then forced to either spend their vacation at home, or "at best" they manage only a sadly shortened version of the pleasant time they had hoped to spend in some beautiful vacation area ... So
