STILL TIME TO KILL THAT CRABGRASS WITH HALTS-FROM FAWCETT HARDWARE

Doom crabgrass the same day you seed

HALTS® creates an invisible barrier that destroys crabgrass as it sprouts—yet it lets good grass sprout unharmed. Apply halts the same day you sow all-perennial, weed-free Scotts seed, and crabgrass won't get a chance to spoil your success later on. TURF BUILDER® is the all-important third step in your one-day spring program. It supplies the protein-building nutrition new and established grass needs to thrive. Do all three jobs easily and accurately with the Scotts Spreader. You'll never spend a more rewarding afternoon on your lawn.
