Cities and Counties Share Highway Fund

The State Highway Department has started distributing second quarter Vehicle Highway Fund collections to Michigan counties and incorporated cities and villages.
 State Highway Commissioner John C. Mackie said net receipts of the Highway Fund during April, May and June of 1961, amounted to \$42,794,115, an increase of \$98,187 over the same period of 1960.
 MACKIE SAID gross collections amounted to \$45,409,858, from which collection costs of \$1,486,916 and the Waterways Commission's share amounting to \$186,587 were deducted.
 All state gasoline and diesel fuel taxes, license plate fees and a small amount of miscellaneous fees are deposited in the Motor Vehicle Highway Fund.
 After deductions, the money is distributed under provisions of state law which provides that 47 per cent goes to the State Highway Department for use on state highways, 35 per cent to the state's 83 counties for use on county roads, and 18 per cent to 510 incorporated cities and villages for their roads and streets.
 UNDER THIS formula, the State Highway Department will receive \$20,683,234 as its share of the second quarter collections while the counties will receive \$15,327,940 and the incorporated cities and villages will get \$7,882,941.
 OAKLAND County will be paid \$1,100,000.
 After the accident occurred at 8 p.m. when the car, driven by Bell, left a curve on Commerce Lake Road. Sheriff's deputies said the car was traveling too fast for the curve, went into a ditch, bounced back out and skidded across the road, hitting some large boulders in a field.
 Bell was treated for minor injuries and released at the hospital. The dead youth's brother, Thomas, 18, also made a statement at the prosecutor's office Tuesday. He was following behind the death car. The boys were en route to Belle home to clean up after work. They had planned to go swimming.
