## NOTICE OF SPECIAL ELECTION VILLAGE OF BINGHAM FARMS

TO THE QUALIFIED ELECTORS OF THE VILLAGE OF BINGHAM FARMS:

PLEASE TAKE NOTICE that at a Special Election to be held in the Village of Bingham Farms on August 21, 1961, between the hours of 7:00 o'clock a.m. and 8:00 o'clock p.m., the following separate propositions shall be submitted to vote of the qualified electors of said Village:

**PROPOSAL NO. 1**

Shall Section 3, Chapter XI, of the Village Charter be amended to provide as follows:

Section 3. The cost of all construction, improvement and maintenance of highways, streets and alleys within the Village shall be paid for in accordance with the general laws of the State governing the construction, improvement and maintenance of highways, streets and alleys within a village. In addition, the Council may determine that the whole, or any part, of the cost of the construction or improvement of highways, streets and alleys within the Village shall be defrayed by special assessment upon the property especially benefited. The Council shall by general ordinance prescribe a complete special assessment procedure.

**PROPOSAL NUMBER 2**

Shall Chapter IX of the Village Charter be amended by adding a new Section 11 thereto, said new Section 11 to provide as follows:

Section 11. The Council, subject to the applicable provisions of law, may authorize the borrowing of money in anticipation of the payment of special assessments made for the purpose of the construction or improvement of highways, streets and alleys within the Village. Such special assessment bonds shall be both an obligation of the special assessment district and a general obligation of the Village. All collections on such special assessment roll, to the extent that the same are pledged for the payment of the principal of, and interest on, bonds issued in anticipation of the payment thereof, shall be set apart in a separate fund for the payment of such principal and interest and shall be used for no other purpose.

Section 2, Chapter XI, of the Village Charter now reads as follows:

Section 2. The cost of all construction, improvement and maintenance of highways, streets and alleys within the Village shall be paid from funds received from the state for that purpose. No construction, improvement or maintenance of highways, streets and alleys which cannot be paid for wholly by state funds shall be authorized or undertaken unless first approved by two-thirds (2/3) of the electors voting at a general election.

It is proposed to amend Section 2, Chapter XI and add a new Section II to Chapter IX of the Village Charter so that they will read as follows:

Section 2. The cost of all construction, improvement and maintenance of highways, streets and alleys within the Village shall be paid for in accordance with the general laws of the State governing the construction, improvement and maintenance of highways, streets and alleys within a village. In addition, the Council may determine that the whole, or any part, of the cost of the construction or improvement of highways, streets and alleys within the Village shall be defrayed by special assessment upon the property especially benefited. The Council shall by general ordinance prescribe a complete special assessment procedure.

Section II. The Council, subject to the applicable provisions of law, may authorize the borrowing of money in anticipation of the payment of special assessments made for the purpose of the construction or improvement of highways, streets and alleys within the Village. Such special assessment bonds shall be both an obligation of the special assessment district and a general obligation of the Village. All collections on such special assessment roll, to the extent that the same are pledged for the payment of the principal of, and interest on, bonds issued in anticipation of the payment thereof, shall be set apart in a separate fund for the payment of such principal and interest and shall be used for no other purpose.

All qualified electors of the Village of Bingham Farms shall be entitled to vote on said Charter amendment propositions. The place of election will be the Outland Riding Stables.

IMOGENE H. KALMBACH  
 Village Clerk

I hereby certify that the foregoing constitutes a true and complete copy of a notice of Special Election of August 21, 1961, Village of Bingham Farms, County of Oakland, Michigan.

### Upcoming B'field Bank

Construction of this new branch office building for First Federal Savings of Detroit will start within two weeks at Maple and Cranbrook Roads, in Bloomfield Township. The design of the building is Colonial and in keeping with the character of the community. About two-thirds of the building area of 5700 square feet will be occupied by First Federal—the balance will be leased to others. This will be First Federal's 15th office and will feature drive-in savings facilities and adjacent parking. Herman and Simons are the architects.

## Behind The Store Fronts

For those young lads who are uncertain about which college to attend, or if they have been turned away from some of the big, overcrowded name colleges, Bill Wisner, manager of the Prep Shop, offers the use of his newly created catalogue shelf. Bill has accumulated the latest catalogues from practically all the schools in the United States (and Alaska) that publish such literature. Anyone interested is invited to come in and browse through the alphabetized shelf. There are dozens of interesting small colleges in the United States which have as much to offer, to other than some of the institutions of higher learning which we hear so much about during the gridding season.

An unusual experience developed for Mrs. Richard (Ware) Harroun of Birmingham Travel Service, recently when she and a group of travel people were returning from Aruba and Curacao (Islands off the Northern tip of Venezuela).

Delta's schedule calls for a 20-minute stop at Havana (Cuba) each Thursday. When Mrs. Harroun's plane landed, bedecked with carrying soldiers were talking about. The huge hijacked Eastern Airlines plane was parked almost boastfully in front of the terminal building as if to say "look what we've got!" Eastern's passengers had already been flown back to the U.S.

Delta's passengers were not allowed to leave the plane, a restriction which they did not regret, even though the plane was not allowed to leave for a full two hours. The Cuban refugees who boarded the Delta flight for the United States were subjected to a 10-hour waiting period at the terminal. Nothing of value was permitted to be taken out. A typical example was a C.P.A. who was forced to leave with the suit he wore, and a \$10 bill.

The utter disregard for the simple niceties of accepted human behavior was graphically portrayed when the guards stopped the Delta crew members in the act of assisting about two very aged nuns in wheel chairs. The nuns were required to remain in the hot sun for three-quarters of an hour before they were permitted inside the plane.

**1 + 1 = 2**

The formula above points out the very obvious fact that 1 plus 1 always equals 2. By applying this formula to your income you would find... one income is good; two incomes are better. Ask a person who owns some stock, or a few bonds, of some fine company.

No wonder so many good providers are using money not needed for daily living to invest in sound stock or bonds.

You don't have to be an expert to invest wisely... but you do need experienced advice. Any of our Registered Representatives are thoroughly experienced in giving competent advice. Why not call or stop in at either of our conveniently located offices and talk over a second income... remember 1 plus 1 always equals 2. Naturally, there is never an obligation.
