

Low Bids Accepted For B'field Sewers

Bloomfield Hills City Commission has approved the awarding of contracts for the construction of sewers in the city.

Ray D. Baker Co.'s bid of \$712,234.79 for three sections of the Hills and Mole Construction Co.'s bid of \$192,246 for one section were accepted at a recent meeting.

Contracts for the two other sections had been awarded earlier in the year and construction has started there.

Approve Bids Of \$1,422,764 For New Wing

Oakland County Board of Supervisors Tuesday approved low bids totaling \$1,422,764.29 for construction of the proposed west wing of the new county courthouse in Pontiac.

Contracts were awarded by a unanimous vote of the 16 supervisors present to Bundy Construction Co. of Pontiac at a cost of \$501,850.60 for general construction, Kames and Brown, Inc. of Pontiac at a cost of \$389,766.60 for mechanical work, and Sema Electrical Co. of Detroit at a cost of \$141,148 for electrical work.

Original low bidder for the general construction contract, Barton Malow Co. of Detroit, withdrew its bid due to the company's error in computing.

CONSTRUCTION OF the administrative wing of the new courthouse, located on Telegraph north of Pontiac Lake Road, will begin Sept. 9 with completion expected about 18 months.

Ground-breaking for the new wing will be held at 11 a.m. Sept. 9, the same day scheduled for the dedication of the new courthouse building.

When completed the west wing will house all county administrative offices that are now located in the County Annex Building at 1 Lafayette Street in Pontiac.

The COURT TOWER of the new building was recently completed at a cost of \$8.5 million. Circuit and Probate Courts will be moving into the new building this week, according to Norman R. Barnard, committee clerk.

Troy Getting Ready For School Opening

The Troy schools will be open Sept. 7 for all grades, kindergarten through 12.

All students entering Troy Schools for the first time will register the week of Aug. 28 at their respective schools. All elementary principals and secondary school principals will be in their buildings that week to register new students.

If new residents in Troy do not know what elementary school to attend, they should contact the Troy Board of Education Office.

Hours for registration in the elementary schools next week will be from 9:30 a.m. to 3:00 p.m.

ALL PARENTS WHO have registered kindergartners at the Roundup office since then will be notified of the time, date, and school where they are to register.

Parents are asked to provide transportation for their kindergartners on the first day (Thursday or Friday). Please bring in a certified record of birth if it has not been presented.

New resident students who are in the seventh and eighth grades will register at Baker Junior High School. The principal, John Diefenbach, will be available for parental conferences and new registrations beginning Monday from 9:30 to 3 p.m. On Sept. 9, home-room lists will be posted in the gymnasium. Students will enter the gymnasium, find their home-room list, and then report to the designated room at 8 a.m.

High School Principal Roudalup Smith will be available for new registrations beginning Monday, 10:11 and twelve and also to make schedule changes from 9:30 a.m. to beginning Monday.

ALL SCHOOLS will be in full session Sept. 7. Regular bus routes will be operating as in the past year. Children will attend full day with the exception of the kindergartners.

Troy High School and Baker

Junior High School Classes will start at 8 a.m. Buses will start at 7:15 a.m. to pick up the students

Buses will start at 8:15 a.m. for students attending Big Beaver, Poppleton, and Morse Schools. Students in these three schools will start at 8:45 a.m. and dismiss at 3:15 p.m. for students attending Colerain, Niles, Troy Union and Leonard Schools. These schools will start at 9:15 a.m. and dismiss at 3:45 p.m.

ATTENDANCE AREAS for the elementary schools will be changed this year due to the completion of the new Leonard School. Maps will be sent to the Troy residents indicating the elementary school which will serve their area.

The Leonard School will handle all kindergarten children from the Troy Union and Colerain areas in addition to its own. This is due to the excellent kindergarten facilities at Leonard and the geographical location of the school.

SPECIAL EDUCATION students will return to the same classrooms as in the past year, notified by the school districts.

Every school will have a lunch program and a milk program for students who carry their lunch. Elementary students, kindergarten through sixth, will pay a fee to cover the cost of workbooks that the child uses and keeps and for expendable material such as pencils, crayons, art paper and other items. Teachers will notify students as to the amount of this fee as it varies in different grades.

A book deposit of \$3 is required of all seventh grade students and all students entering Troy District next year. Children will attend full day with the exception of the kindergartners.

John Dacey, 376 Baldwin, Birmingham, fined \$100 for reckless driving.

Arlen L. Isette, 16252 Elizabeth, Beverly Hills, fined \$10 for speeding.

Broomfield Answers Oakl'd Dem Chairman

Congressman William S. Broomfield (R-Oakland County) Tuesday charged that Oakland County's Democratic chairman, James M. Ginn, "isn't listening to the President."

Broomfield, who was criticized by Ginn because of the stand he took in opposition to the housing bill, answered by quoting President Kennedy's message sent to Congress a month before the housing bill vote.

The message said in part:

"MOREOVER, IF the budget deficit now increased by the needs of our security is to be held within manageable proportions—if we are to preserve our fiscal integrity and world confidence in the dollar—it will be necessary to hold tightly to prudent fiscal standards; and I request the cooperation of the Congress in this regard—to refrain from adding funds to programs, desirable as they may be, to the budget."

Broomfield said that the Democrats added \$600 million for rural town public works, another \$407 million for the run-off of loans, a \$1,000 per cent increase over the

administration's request for community facilities funding, all over and above the President's request.

"I LISTENED to President Kennedy and to the dangers he pointed out from not following prudent fiscal standards at the national level," said Broomfield.

"It seems strange to me that the Democratic chairman is chastising me for following the advice of the President of the United States who is supposed to be the spokesman for his party," Broomfield said.

Foreign Student Life Here Examined

The 44,536 foreign students who studied in the United States last year are concentrated in the USSR.

But while the Soviet Union has created special facilities and even special institutions for foreign students, a report from Homer Higbee, assistant dean of International Programs at Michigan State University, indicates that the Soviet effort nowhere approaches what is being done in the United States.

HIGBEE'S study, made for the National Association of Foreign Student Advisers under the leadership of the Dean Langmuir Foundation, covered 1,265 institutions of higher learning.

He found that the major problems facing foreign students at American colleges and universities are too little knowledge of the English language and insufficient funds.

"THERE IS urgent need for the establishment of additional English language centers in the U.S.," he reports.

Such a center will be opened this fall at Michigan State University. Under the new procedure, foreign students will be tested on English ability. If their command of English is found to be inadequate for classroom work, the students will receive instruction in the English training center.

THE CENTER will have an ongoing research program in methods and materials, for little or no classroom work, the students will receive instruction in the English training center.

Don McLeod Joins WPON in Pontiac

Don McLeod, who has worked in varying capacities for area radio and TV stations since 1942, joined Pontiac radio station WPON Tuesday as program director.

A resident of Oakland County for eight years, he has worked in all phases of radio and TV programming but was best known in this area for his past air shows.

McLeod plans to do an afternoon show on WPON in the near future, with date and time to be announced later.

BITS OF BIRMINGHAM

While the winter "frost" was still on the pumpkin early this year, A. C. Sarnpietro, 286 Puritan, Birmingham, conceived a plan to protect the crop of his home from summer sun. An admirer of the work of a group of artists, he decided they would be practical shade-producers and so planted them with the pumpkins.

The vines were trained over the wrought iron terrace posts and then extended over the main roof. Result: huge pumpkin and squash harvest from decorated roof terrace.

"Brighten the center where you are" is the name of an old song. Its meaning has been adopted by George Willett, 3533 1/2th Street, prior of the Virginia Hotel, 608 S. Woodward, who has planted a colorful variety of annuals in front of both his home and his place of business. "It doesn't cost very much in comparison with the pleasure one gets from maintaining a flower garden," said Fugmann. "If more of our people planted flower gardens, even small ones, the world would be a more beautiful place."

Should Birmingham Mayor Florence Willett run for governor? The idea appeared popular at this week's commission meeting. Mayor Tom William H. Burgess, presiding in her honor's absence, commended her for the "capable" manner in which she handled the week's Governor's Regional Safety Conference here. He also paid tribute to Police Chief Ralph W. Motley and his department for their efforts in the air.

Burgess said Mrs. Willett performed so well that before the conference was over people were calling her Birmingham mayor and Mrs. Willett governor. "Which drew the response, 'that's a good idea,'" from Commissioner Ralph A. Main. And colleague William E. Roberts added, "I still think she could be 'im.'"

How about it, Mrs. Willett for Michigan's first lady governor? "???"

Two Lathrop women were enjoying a pre-meeting chat with Mayor Pro Tem Mrs. Elizabeth Mitchell Monday evening as council members settled down for the evening's business. One gal said she had been very daring the day before and had finally hazarded a standing position while water skiing. The second gal said she had done something even more daring on the Sunday in question—she had ridden a ferris wheel for the first time in years. Mrs. Mitchell then climaxed the discussion with the comment that she was the most daring of all. She had been the passenger in a car driven by her husband. The other two agreed they had been toppled.

Although not a participant in the game, this Wanderer the other day was informed that a certain local version of the pokerish game of chance sat with a half dozen other "speculators" at a social evening—during part of which he won straight hands of stud poker. His total winnings, he admitted, were reached close to something much less than the national debt . . . and felt so sorta guilty by taking so much of my companions' dough, that I began to play as recklessly as New Frontiersman handles the taxpayers' cash; naturally, approval immediately put the game stopped and I still had enough money in my pants to catch the last car home."

Conference Slated At Central Michigan

Ron Yatchik, son of Dr. and Mrs. George D. Yatchik, 4244 Royal Court, Birmingham, will attend a conference at the Beaver Island center of Central Michigan University Sept. 3-9.

The conference was planned by the Teacher Education Project at the University to orient students to teaching. Yatchik is a sophomore entering the five-year program of the project, which is supported jointly by the University and the Ford Foundation to discover better ways of educating teachers.

Yatchik, who plans to become a secondary teacher, is a 1960 graduate of Seaholm High School. He will spend alternating semesters the final three years of the program as a full-time paid employee of school systems in partnership with the University in the Teacher Education Project.
