By BOB HUGHES
Special Writer

The Cranbrook Federalist Club held its first meeting on the Great Debaters program of the Foreign Policy Association on Sunday. The discussion, led by Mr. W. R. Uetlich, concerned "The Deadlock Over Germany," one of eight topics in the program to be discussed during the next few weeks.

This program is designed to further the goal of the Federalist group and to create greater student interest in current affairs, particularly on the international level.

IT WAS LEARNED that 10 of Cranbrook's 11 National Merit semi-finalists have achieved final status. Bruce Berry, Greg Carr, Paul Cohen, Mike Hilder, Bob Hughes, George Martin, Matt Foster, Jeff Mitchell, Rick Eussion and Ken Roberts have entered this last phase of the competition.

KINGSWOOD SCHOOL

Hearts and Flowers Blossom at Dances

By BETSY WRIGHT
Special Writer

The gaiety of Valentine's Day was the prevailing mood for two most enjoyable dances held at Kingswood last weekend.

Cupid's Capers, this year's title for the annual Valentine party open to all seventh and eighth graders of Kingswood and Cranbrook, started off the weekend festivities on Friday evening.

Invitations had been sent to all beforehand by Yvette Danic and Judy Linn and the welcome was completed that night as everyone was greeted by a reception committee, composed of three girls from each of the two grades.

While everyone was dancing to records in the school gym, pink lights reflected on a large white heart suspended from the ceiling. These and other decorations, in keeping with the Valentine theme were planned by Sue Fitzgerald's committee.

Cupid's Capers, the first party of the year for the lower schoolers, proved to be a big success.

CERTAINLY as great a success was the Kingswood "Mid-Winter Formal" held the following evening in the auditorium for grades 9 through 12. The semi-formal dance was most unusual and effective in all respects.

Feb. 1. An applause meter determined the winning acts which will be sent to the Inter-Lakes talent assemblies at Waterford and Walled Lake on March 16.

Tryouts for the talent show were held on Jan. 17, 18 and 19.

RAY FOSTER is the Betty Crocker Homemaker of Tomorrow of Southfield High. Kay, who scored the highest in the school, will receive a Homemaker of Tomorrow pin. The text was given and 400,000 senior girls across the nation.

The girl who scored the highest on the examination in Michigan will become the State Homemaker of Tomorrow. This girl will receive a \$1,000 college scholarship and an expense paid trip to New York City, Colonial Williamsburg, Va. and Washington D.C. with her teacher.

On April 18, the All American Homemaker of Tomorrow will be announced at a dinner in Washington, D.C. She will be awarded a \$5,000 college scholarship.

THE ANNUAL Time current events test was administered by the history department last week. Mike Barone and Jeff Mitchell were first and second in the school, with scores of 98 and 97 respectively. While Greg Carr, Louis Beer and Bob Pearson placed first in their respective forms.

ON THE SOCIAL SIDE, many Cranbrook students were entertained by the girls of Kingswood at the Winter Formal held on Saturday. The seventh and eighth graders held their dance the night before.

THE ANNUAL "Foreign Affairs" will be held in the Cranbrook Auditorium on Feb. 25. There will be games, refreshments and other projects, designed to raise money for Cranbrook's exchange student programs. The public is most welcome.

Elementary Pupils To Hear Naturalist

The appointment was requested by Mrs. Marion M. Simms, principal at the school.

"Neither Snow, Nor Rain . . ."

Herodotus, the Greek historian, said it in the 5th century, B.C., and you'll find it today inscribed on the main post office in New York City. "Neither snow, nor rain, nor heat, nor gloom of night stays these couriers from the swift completion of their appointed rounds." With the Christmas rush not far behind us, it's a good time to pay tribute to those who, day in, day out, in fair weather or foul, see that the mail gets through. Your postman deserves a pat on the back, but he'll settle for a smile. . . . Incidentally, the motor truck plays a vital part in the distribution of the mail, serving the length and breadth of Michigan, from the most densely populated cities to the most remote rural areas.

The Blank Spaces are
Just a Reminder . . .

to all Troy residents of the progress and developments that have been made in the past . . . and what they will be in the future unless all of us wake up to the problems that have been and still are responsible for this condition.

As citizens of Troy, we are vitally concerned, as we know you are vitally concerned, about the future of our city. It is for this reason we ask your help in electing us to the City Commission. Uppermost in the minds of the people of Troy is this question: "WHY CAN'T WE DO SOMETHING ABOUT THE CONSTANT BICKERING AND INDECISION BY OUR CITY COMMISSION?"

We do not claim to be miracle workers and cannot eliminate the condition overnight. But we do believe we can begin by developing a working team through planned objectives by which we can reach our ultimate goals. We're not going to promise better schools, better roads, new fire stations or new libraries and DPW buildings, because these are promises we have no right to make. Only you, the people of Troy, can decide things of this nature. Our job is to find ways and means to accomplish and fulfill your wishes.

But, we can promise you honest, sincere thinking and hard work to accomplish the objectives that will benefit all the people of Troy.

Our first and main objective, if elected, will be to stop the bickering and indecision holding our city from growing and developing.

We can only accomplish our objectives and reach your goals with your help. We ask for and need your vote to accomplish a goal we all want:
