Sides Still Divided On Pool Ordinance

Reports and discussion highlighted the Birmingham Planning Board's regular monthly meeting Tuesday night.

The board and city legal advisor continue to disagree on the definition of swimming pool in the city's proposed pool ordinance. The board feels that the depth of pools is the main factor while Dean

Beter insists that the type of pools is most important in the wording of the ordinance. The issue remains deadlocked.

A meeting of the Planning Board Committee was set for Feb. 21 at Elliot Robinson's home, 572 Linden, Birmingham, to consider a comprehensive planning program. A progress report on future

central business district development was considered. Four types of designs were submitted for consideration and will be taken up along with ideas on future land use at the Feb. 21 meeting.

agreed to recommend approval of two zone change requests to the city commission. One request by Myron E. and Vivian Dant Snyder was approved in modified form while the other by Lucile R. Fisher was accepted as requested.

Student Loan Plan

OUR school has made available to its students a plan for financing tuition payments with a national organization that is devoted exclusively to educational financing. Through The Student Loan Plan students may make reduced monthly payments that extend beyond the completion of their course.

There is no good reason why any worthy young man or woman should forego the admitted advantages of specialized training just because they might feel their present financial condition should delay this opportunity.

It is immaterial to the school which plan of payment you adopt. The Student Loan Plan will enable you to get NOW. Ask for details at the school.
