SECTION  
D

Each of us, after all, a complete, though individual, evidence of mankind on this earth. Little differences may be seen, insofar as physical appearances are concerned. Our major differences are derived from our mental and spiritual growth . . . and the growth of both do not depend upon the food we eat. Life offers each of us opportunities to prove that " . . . man lives not by bread alone . . ."

## New Wonder Drug Cosmetic Restores Young Look to Skin

Medical tests show Helena Rubinstein's Ultra Feminine reduces wrinkles due to dryness and restores young tone to mature skin.

Now you can look younger. Medical research proves that the action of two vital female hormones, estrogen and progesterone reactivates specific skin cells. Wrinkles due to dryness are reduced. Young skin tone is restored.

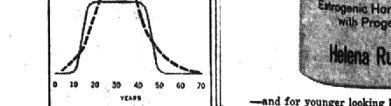

The discovery that has made this possible is Helena Rubinstein's Ultra Feminine® Face Cream, the only face cream with both vital female hormones. These are the very hormones that have helped shape every woman from Venus to you—the same hormones that abound in a young woman's skin.

The chart below shows you how nature reduces estrogen and progesterone supplies with maturity. Here's what happens when Ultra Feminine resupplies estrogen and progesterone daily to your skin.

What the doctors report: Skin cells can hold maximum moisture again. These cells, plumped out once more, support the surface firmly. Lines smooth out. Wrinkles due to dryness are reduced. Young skin tone is restored.

Oil glands produce a more youthful rate again. Tissue sections and skin surface tests show an amazing increase in oil production. The skin is soft, dewy, protected.

Start looking younger. Start using Ultra Feminine now. In just 30 days, see your skin take on a definitely

These curves show the relative change in the amounts of estrogen and progesterone during the life of the female. Note how rapidly they decline after 35—the estrogen first, then the progesterone.

"We realize there are a number of new residents making their homes in the Walnut Lake area who are not acquainted with the functions of the club," said R. M. Menoch, club secretary.

The functions of the club, which this year will celebrate its 27th anniversary, are both civic and social.

The club's civic endeavors have been instrumental, to a great degree, in helping black topping for Inkster and Walnut Lake roads and a modern fire department and rescue service in the area.

By holding auctions, dances, fairs and drives for contributions, members obtained the first fire engine for the Walnut Lake area. This was replaced in 1956 with a new and advanced model of fire-fighting equipment.

**LATER ACTIVITY** by the club obtained street lights, street signs, civic defense and the current sewer project.

Aware of the need for children's activities, the club sponsored a Boy's Club and helped in organizing Boy Scouts, Cub Scouts and Little League baseball and football leagues.

The annual trout fishing trip is but one of the many social events sponsored by the club. Club members are hosts at dinners, dances, card parties, skating parties, corn roasts and wild game dinners.

The club is financially solvent and maintains fine club rooms, consisting of large quarters, kitchen facilities, tiled floor for dancing and pool and ping-pong tables.

IT IS OPEN every Friday night and on the first Friday of each month, a regular business meeting is held.

The next regular meeting will be Friday at 9 p.m. Newcomers are invited to attend and join in the recreation of their choice, which includes pinocle, bridge, cribbage and euchre. Initiation fees and dues are nominal.

His talk, entitled "The Unfinished Business of Growing Up," was an introduction to the subject of elementary school child development and will be followed in February by a series of four "conversation" meetings, elaborating on the subject.

Beginning Feb. 7, and continuing each Tuesday night for four weeks from 8 to 9:30 p.m., the meetings will provide parents and teachers the opportunity to inject ideas or questions and also reap the benefits of group reaction to all discussion.

The "CONVERSATION MEETINGS" will be led by John Lamb, also a staff member of the Family Service of Oakland County.

A nominal fee will be charged for the February series, which is co-sponsored by the Birmingham School District Adult Education Department and the Walnut Lake PTA. All arrangements are being handled by the Walnut Lake PTA.
