

B'ham, Hills Join Citizens Chapters

The Birmingham and Bloomfield Hills chapters of Citizens For Michigan recently voted to combine their memberships into one chapter to be known as the Birmingham-Bloomfield Hills Chapter of Citizens For Michigan.

Daniel Chapin, 601 Orchard Ridge, Bloomfield Hills, was elected chairman of the group and William E. Reddig, 688 Chester, Birmingham, secretary-treasurer.

The membership decided to invite candidates of both parties running in the July primary election as delegates to the Constitution Convention to speak at the next CFM meeting scheduled for June 19 at the Birmingham Community House.

Shares First Little League Missile Firing

Master Sergeant Louis V. Skalsky of Birmingham recently participated in the Republic of China's debut in the modern missile era with the firing of a Nike-Hercules over the Formosa Strait from Taipei, Taiwan.

Skalsky is electronic maintenance advisor of the Division C, Guided Missile Advisory Team, Army Section, Military Assistance Advisory Group, Republic of China.

The firing, which military authorities said was undoubtedly tracked by Chinese Communist radar on the mainland a scant 100 miles away, helped to serve notice on the Chinese Reds that Taiwan's defenders were prepared and capable to repulse any attempted air attack on this free world bastion.

THE CHINESE

The Chinese Nationalist missile unit, which proudly points to the historical fact that its ancestors invented rockets some 3,000 years ago, accomplished several firsts in the firing.

This was the first time that the American made Nike-Hercules was ever fired from foreign troops on foreign soil. China is the only Allied country in Asia possessing and manning the missile, and is the only foreign country in the Pacific ready to use this missile in a tactical situation.

The launching came just 21 months after the Nationalist Government assumed operational control of the U.S. Army's 2nd Missile Battalion in August, 1959. The missile battalion was deployed to Taiwan during the Taiwan Strait crisis in late 1958.

The ENTIRE OPERATION was planned and carried out by the First Chinese Missile Battalion under the direction of Col. Teh-fu Chang, Taiwan's first and only missile commander.

Umpiring the exercise from assembly of the missile to the launching was a group of American military missile experts headed by Lt. Col. William H. Dandwyler of Elberton, Ga., Chief, Guided Missile Advisory Team (GMAT), currently attached to the U.S. Military Assistance Advisory Group, Republic of China on Taiwan.

GOP Issues Unique Report

The Republican organization of Oakland county has issued a unique "shareholders" report for distribution to some 60,000 of the county's GOP voters.

County GOP Chairman Arthur C. Elliott, Jr. said that, to his knowledge, the report is the first of its kind ever to be issued by any political organization in the nation.

The 12-page report, prepared in booklet form, outlines the structure, progress and goals of the Oakland GOP, considered by many party leaders to be one of the most effective county political organizations in the country.

"THIS REPORT is just one step in our continuing effort to draw every Republican into active participation in the affairs of his party," Elliott explained.

To advance this "shareholders" concept, every GOP financial contributor or worker automatically becomes a member of the organization's "Republican Advisory Board."

"Membership on this board entitles members to a voice in the party's decisions through questionnaires. They also are brought together for an annual outing to hear a first-hand report on party activities and a talk by a nationally known speaker."

ELLIOTT SAID the future of the Republican party "depends to a large extent on how successfully we are able to develop a strong grass roots emphasis."

"The strength of a political party lies in its ability to provide avenues through which individual voters can effectively participate," he said.
