Time and time again the "hillbilly" millionaire was turned back in his try for the coveted title.

SAM IS NOW 49 years old. His swing is as smooth as it ever was. He still wins tournaments.
The now famous straw hat reappeared perched atop the famous dome of the famous golfer last weekend at Oakland Hills.
Only once did the hat leave his head—and that was just for an instant. Sam chipped his second shot within 20 inches of the cup on the long 18th hole during the first day's play,

PLAYING PARTNER dery Barber, upon seeing the ball, grabbed the hat from the broadly smiling Snead. Sam quickly placed the atraw back on and playfully put a boot to Barber.

This was probably the only happy moment for Snead during the fish Open championship.

His 73-70-74-78-290 tied him for 17th place and a purse of \$893. He said he'll be back next year and the year atter ... but somehow one thinks this man would have had many Open titles had he won that first one in '37. If he ever wina the Open, he'll be the clotest, to do it, if he doesn't he'll still retrie one of the richest golfers in history, and "You ain't just a-whistlin' Dixie."
