Winter Wonderlands Draw Local Residents

Home again after three fabulous weeks in Acapulco, Mex. are Mr. and Mrs. Marvin Lohr of Queensway Drive. They made their headquarters at the picturesque Hotel Marsis on the beach and spent leisurely days swimming and deep sea fishing.

Joining them were friends they had met in Acapulco two years ago from Lincoln, Neb., Dr. and Mrs. W. M. Gradwohls.

Nassau and Fort Lauderdale, Fla., are the vacation destinations of the Richard Jamiesons of Satterlee Drive on their recent trip.

During their two days in Nassau they stayed at the British Colonial while they toured the island. Then on to the Galt in Fort Lauderdale where they enjoyed the sun, surf and sand.

The Ira Wilsons of Fox Run Drive have become ski enthusiasts after their trial runs last winter. Last week they spent a "ski week" at the Otsego Ski Club and Hidden Valley with Birmingham friends, the Steven Goodales, the Charles Wilsons and the Paul Reeds.

The Rutgers Van Brunts of Top View Court found being caught in an airplane strike most exciting. After spending four days at the Auto Show, a series of parties and visiting friends and former neighbors in Chicago they found themselves stranded last weekend.

The excitement began in making the rounds of the airports, via a helicopter, for a flight homeward. Their mission was accomplished 24 hours later.

Linda Randau, a freshman at Alma College, took her parents, Mr. and Mrs. Ned Randau of Far Hill Drive, on a tour of the college and campus during their visit there last weekend.

The George Jones and children, Craig and Martha, of Dowling Road have just returned home after a three-week trip through the southern states.

Their destination was Key Biscayne where they swam, went deep sea fishing and visited the Miami Seaquarium. Their cruise to Nassau was one of the vacation highlights. There they toured the island and were intrigued with the native "straw market."

The Lee Vincents of Robinhood Circle Drive are looking forward to the many new experiences that will be awaiting them when they move to Nassau in the late spring. The Vincent children, Annette, Susan and Biff, are living on "Cloud 9" with thoughts of sailing and water skiing the year around.

Then there will be the change to British schools. Mrs. Vincents thoughts turn to the landscapes, the native villages and the sea, where she hopes to spend long hours with her paints and easel.

Vincent is presently in New York and will go on to Nassau to find a home for the family.

The J. Rodger Browns are back home on Far Hill Drive after spending 10 days in sunny California. They divided their visit between an aunt of Mrs. Brown's, Mrs. Rose Neal of San Francisco, and the Harold Ellsworths of Palo Alto, former Birmingham residents.

Taking the same flight homeward—much to everyone's surprise —was a neighbor, Mrs. Henry Hogarf, Jr. of W. Orchard Hill Drive and her parents, the Paul N. Averills of Birmingham, who were returning home from the Averills daughters wedding.

Dr. and Mrs. Jay Van Zoeren opened their home on Rock Spring Drive on Sunday evening to a "Great Decisions Group," one of four groups in the North Adams area sponsored by the Northminster Presbyterian Church.

The topic of the evening was "Soviet Challenge and World Leadership." Taking part in the discussion were, the Dan Burlingames of Pine Hill Drive, the William Lymans of Hickory Bend Drive and the Emery Louchs of Big Oak Trail.

Materials for the discussions are supplied and sponsored by the University of Michigan, Wayne State University and the Foreign Policy Association.

Mrs. Merle Welsh of Fox Run Drive entertained 12 friends at a George Washington luncheon and bridge last Wednesday afternoon. Mrs. Welsh carried out the red, white and blue color theme in her table decorations.

A group of friends gathered outside the new Satterlee Drive home of the William James last Saturday evening and surprised the new residents with a house warming party.

Arriving laden down with the evening dinner were the Charles Gilberts, the Carl Underhills, Jr., the Lee Durhams and the Peter Trees of Birmingham.

The William James' are formerly of Birmingham and Boston, Mass. and have two children, Bill, 3, and Martha, 1. James is with the N. A. Woodworth Co. in Ferndale.

The Roland Smiths are looking forward to Easter when they will be in their new home on Hawthorne Drive in the new Hickory Heights subdivision. They are moving from Meadowlane Drive.

The Eugene Cantys are newcomers to Orchard Hill Drive, former residents of Oradell, N. J. They have three children Susan, 11 and June, 7, both pupils at Harlan school and Cathy, 3. Canty is an engineer with General Motors Defense System at the GM Tech Center. The family are anxiously waiting for spring and gardening.

Attend Luncheon

The Katharine Gibbs Alumnae of Detroit held a mid-winter luncheon meeting at Topinka's Country House Saturday. Attending from Birmingham were Mrs. Robert Saltsman, Mrs. Herbert Greene, Mrs. Murray Hayward and Mrs. Robert Carlson.

Birmingham - Bloomfield Hills Society Notes

By JOYCE KLARR
MI 6-1358

Too bad Julius Caesar isn't with us these days.

He wouldn't have to worry about the ides of March. For that matter, neither do we! Isn't it nice that incum taxum deum is safely niched in its April slot? (the Easter bunny will garner more early returns than the internal revenue, no doubt).

March 9 is the date selected by TAE for their annual luncheon fashion show at Oakland Hills country club. The benefit proceeds will go to the Baptist children's home. Committee members include Mrs. William Gray, Mrs. Robert Meek, Mrs. John Wiant, Mrs. Ralph Manuel, Mrs. Menard Mead, Mrs. Frank Eagan and Mrs. Robert Frye.

Collegiate Sorosis alumni of the Birmingham area will also go the luncheon fashion show route. Their date and place being March 8, twelve noon at the Kingsley. Money raised will be sent to the new house fund in Ann Arbor. Working on the benefit are Mrs. George A. Jones, Mrs. Otto Molmen, Mrs. Dean Hopper, Mrs. Jerry Dudley, Mrs. Fred Leidorf, Mrs. Arthur Hill, and Mrs. Roger Struck.

We Ski !!

Mr. and Mrs. Roland Berndt were dinner hosts last week at a bon vevage party honoring European skiers, Mr. and Mrs. Charles Weir. Guests included Mr. and Mrs. William Paddison, Mr. and Mrs. Edgar Jolly, Mr. and Mrs. Richard Weir, Mrs. Mildred Bellis and Mr. Charles Heilman.

This week Mr. Berndt will leave for a three week skiing holiday to Kitzbuhel, Austria and Klosters, Switzerland with Mr. and Mrs. Kurt Heffman.

Also packing their skiis and heading in the same direction are Mary Sue Eklund and Alice Kitts. After their skiing, the girls will visit Vienna, Saltburg and Munich. Then it will be back to Paris for a stop before jetting home.

Mr. and Mrs. Robert Reid believe Horace Greeley. They are heading west for their skiing and will spend their time at Aspen, Colo.

Also at Aspen this week are Mr. and Mrs. Jim Van Dusen, Mr. and Mrs. Richard Van Dusen and their parents, Mr. and Mrs. Theron Van Dusen.

Mr. and Mrs. Nelson Noland will headquarter as Aspen next week, missing the peak Birmingham, Bloomfield load by a few days.

Fu Manchu's Revenge

The Laurens Hare's paid homage to the Chinese new year at their celebration last week. Dinner was served on the floor (actually on platforms — the guests were on the floor) complete with rice wine, chop sticks and fortune cookies (what, no won ton soup?) The hilarious evening ended with dragons, fire crackers and best wishes for the coming year, Chinese style.

Pizza, Please

Last night the DAC had another in their series of international dinners. Italy was the gourmet country featured and guests enjoying the Italian feast included the Drew Hanelines, the Harry Eslings, the William Guays and the Henry Sandrocks.

Southern Comfort

Mr. and Mrs. Carl Moyer have been at Palm Beach shores, Fla. for the past six weeks. They arrived home with barely time to pack for their European junket with the Village Womens' club tour this week.

Mr. and Mrs. John Poole have also been in Florida where they stayed at the Bellaire Biltmore.

Mrs. Henry Whiting will spend this month at Duneeeden, Fla. with her mother, Mrs. Alvan Macauley.

Mr. and Mrs. Phillip Maxwell, Mr. and Mrs. High Martin, Jr. and Mr. and Mrs. Frederick S. Ford, Jr. have chartered a boat and will cruise in the Bahamas for two weeks.

Mr. Herbert Mason is visiting Mrs. F. G. Weed in Delray Beach, Fla.

Mrs. Muriel Lane and her mother, Mrs. Harry Phillips are spending the winter at Siesta Key, Fla.

Broom Room

Mr. and Mrs. John Warner had as houseguests last weekend, Mr. and Mrs. John Wakefield of Whitefish Bay Wisc. The Wakefields were in town for the midwest curling championships (no, they're NOT hairdressers!) Curling is very large in the sportsworld these days and the Detroit curling club was the scene of the latest "bonspiel" (playoff). Actually, the weather being what it was last Saturday, they could have grabbed their brooms and had the contest right down Woodward.

Mrs. Wakefield's brother, Mr. William McGonagle, who is director of special programming for the Detroit Institute of Arts, entertained in their honor. Among the guests were Irene Murphy, Elizabeth Wayne, Mr. and Mrs. James Dresbach and Mr. R. Blessing.

Many thanks for your most kind comments on this column. It's so encouraging to know you read it before you wrap up the fish.

WHAT DOCTORS SAY ABOUT:
Better Health Through Knowledge

Damage Not Permanent

- Glandular Fever
- Physicals
- Diagnose First

Q. To what degree does airplane noise affect hearing?
A. In one study, a considerable number of student pilots experienced temporary hearing loss. However, complete recovery occurred following a few day's freedom from aircraft noise.

Q. Will you please discuss mononucleosis?
A. Mononucleosis ("glandular fever") is an infectious disease probably caused by a virus. It occurs most often in people up to age thirty or so. Symptoms vary but in the typical case the victim feels tired and all washed out, runs a slight fever, and develops swollen lymph glands in the neck. The disorder lasts for one to several weeks or longer, depending on severity. Rest is about all that can be done by way of treatment.

Q. Is cancer of the prostate common?
A. Prostatic cancer is one of the most common forms of cancer in men over 60. A thorough physical examination, including a rectal examination, is the way to discover this kind of cancer.

Q. My heels are very scaly and my hands and hair very dry. Would a change in diet help?
A. Probably not. But wouldn't it be best to consult a doctor? Having diagnosed the condition he could then prescribe whatever is necessary by way of treatment with more assurance of success. Otherwise, it's just a shot in the dark.

Note to "measles": In 1958, 552 deaths were attributed to the disease compared to 255 deaths caused by polio. Doctors are now working with an experimental preventive measles vaccine. When available, the new product will be added to our extensive stock of biologicals.

Prescriptions called for promptly and delivered quickly.
