Lovely Bird May Also Be Wily Reptile

To the Editor:
Replying to Margaret F. Chalk, and "Operation Abolition."

To remove the label on a bottle of poison is to make it doubly dangerous, and the account of the Communicative Pattern, which broke out in several parts of the world and using the same tactics to forestall trouble is very apparent, also their disregard of all law and Order.

Let us keep the label on the bottle so that the unwary will be warned of the consequences.

Hiding over a braile trail, my horse suddenly sensed a danger; looking carefully ahead, a large snake was stretched across the trail, and in its mouth, was a beautiful wild canary, with just the wings protruding from the side of the serpent's mouth.

What has this to do with the foregoing silly story?

This lovely bird was charmed by this sinister death dealing reptile. MRS. F. E. BRYAN, Bloomfield Hills
