Mr. and Mrs. Harris Machus of Machus Sashery & Party Shoppe are again over their recent visit to California, where they visited son Bob, who is a junior at Stanford University.

An extra bonus for the Machus was the 4 1/2 hour flight to Honolulu, where they met June and Oran Sarrles, of Tucson, Ariz. for an eight-day stay in the islands. Jane Sarrles is the former Mrs. Don Bell of Birmingham.

The Hawaiian meeting was planned a year ago at the Sarrles' wedding reception, which was given by Mr. and Mrs. Machus. The visitors were impressed with the gracious hospitality of the Hawaiian people.

Mrs. Machus commented on the fitness pride the islanders feel since their territory became the 50th state.

"They prefer people to speak of 'the mainland,' and not 'the States,'" she said.

THE EIGHTH annual Bosses Night at Seaboard High School May 2 was well attended by local business people. The senior retail classes entertained prospective employers with a complete dinner and chamber music.

We welcome Tabro's Glass, Inc., 588 S. Woodward, to Birmingham.

Fleck Named To Board At Kahn's

Paul G. Fleck, 23228 Sheridan, Beverly Hills, has been elected to the board of directors of Albert Kahn Associated Architects and Engineers, Inc.

A native of Chicago, Fleck's early experience in the building industry was with prominent construction firms in Illinois and Wisconsin.

In 1941, he joined the Kahn organization, was made a member in 1947, and has served mainly as project manager on a diversity of buildings erected through out the country.

FLECK IS a registered professional engineer; holds certificate of the National Board of Engineering Registration; and is a member of the Engineering Society of Detroit and the Michigan Society of Professional Engineers.

Actively interested in educational affairs, Fleck is currently a member of Valparaiso (Ind.) University's National Advisory Board, and has served both a member of the Citizen's Committee on Education, Birmingham, and as chairman of the committee's study group on facilities planning.

Fleck is president of the congregation at Redeemer Lutheran Church of Birmingham.

The firm is managed by partners John Tabro and Ren Lavietto, and will offer everything in glass and glass serving to this area: Custom-made mirrors and table tops, auto replacements, storm, sash repair, including thermopane, custom picture framing, tub and shower enclosures. The list includes anything connected with glass, including lighting.

Another Tabro Glass store is located in Wyandotte. Lavietto stated that six radio controlled trucks are available for service.

Bob Osborn, of Birmingham Camera, is the recipient of a \$50 bond for his entry in Popular Photography magazine's annual contest. Acceptance of his print means that Bob is automatically entered in the magazine's competition for the \$2,000 grand award.

Ford Promotes Gillen and Conn

Stanley J. Gillen, 3019 Chewton Cross, Bloomfield Township, has been appointed general manager of Ford Motor Co.'s hardware and accessories division and C. William Conn, 477 Fairfax, Birmingham, has been named general manager of the steel division succeeding Mr. Gillen. Conn had been assistant general manager of the division.

Gillen replaces John S. French, recently named general manager of Ford's newly established motorcraft division.

Gillen joined Ford in 1947 as a contract administrator in the defense products office. He was named controller of the steel division in 1948, and controller of the tractor and implement division in 1955. He returned to the steel division as assistant general manager in November, 1956, and was named general manager in July, 1960.

CONN, A VETERAN of 38 years in the steel industry, joined Ford in 1947 as a superintendent in the Rouge steel mill. He was named manager of open hearth and electric furnaces in 1947, and steel division production manager in April, 1954. He was appointed assistant general manager last July.

Romney Selected For Committee

George Romney, 1830 E. Valley, Bloomfield Hills, president of American Motors, and C. D. Jackson, publisher of Life magazine, have been named co-chairman of the 1961 commerce and industry committee of Project Hope.

The project sponsors the American medical teaching and training ship, the SS Hope, now in Indonesia.

Romney and Jackson will be in charge of raising funds for the project from business and industry.

England Receives Jam Handy Award

Fred C. England, 508 Linden, Birmingham, assistant treasurer of the Jam Handy Organization, has been accepted for the company two blue ribbon awards presented in New York at the American Film Festival for the Jam Handy filmstrips "Airmans, Jets and Rockets" and "Instruments of the Symphony Orchestra."

Sponsored by the Educational Film Library Association, the American Film Festival is held annually, and selected films from over 500 entries are shown.

NEW HOME? CHOOSE FLAMELESS ELECTRIC HEAT...

This Rochester family's glad it did!

Meet the Ben Evans family of 651 Ridgewood, Rochester, Michigan

"Electric heat's just wonderful—we wouldn't have any other kind!" says Mr. Evans. "What we like most about electric heat is room temperature control. At night, we can set higher temperatures in the three bedrooms that the children sleep in and a lower temperature in our room. The only 'furnace' we have is our fuse box. There's no soot, no smell, no upkeep."

The Evans' 2,000-square-foot Gold Medalion home is equipped with electric water heater, dishwasher, range, washer, dryer and disposal. Yet in 1960, their average cost to live better electrically was only \$51.81 per month.

Only electric heat offers so many advantages

This family knows you can't beat electric heat for a new home. Because it's flameless, electric heat is the cleanest method there is—walls and furnishings stay clean with less care. And with electric heat, you get uniform warmth and comfort at a turn of a dial. There's no need to start up an entire system to get extra warmth in one room. Electric heat may cost more, but it's worth every cent in extra comfort, extra convenience. And Edison's Budget Billing Plan equalizes heating costs over the year.

If you're buying, building or remodeling, you'll find it worth while to check the many exclusive advantages of built-in electric heat. For all the facts, fill out and mail coupon below. We'll send you a copy of the free illustrated booklet "ELECTRIC HOME HEATING."
