Peddling to See 'Susie'

Modern version of the rickshaw, pedaled by Dick Paulson, is on display in the Birmingham Theatre, 215 South Woodward, during the run of "The World of Suzie Wong." The vehicle, originally from Hong Kong, is being loaned to the theatre by Northwest Orient Airlines.

Hart Advises Shifts In Defense Spending

Sen. Philip A. Hart (D-Mich) introduced a resolution on May 3 calling for the establishment of a Senate select committee on the economic impact of national defense.

Sen. Hart suggested that, "if we can learn to handle the 'disarmament' which results from shifting patterns in defense procurement, we will be in a better position to handle the broader changes which would result from any international agreement for arms limitation.

"The development of successful machinery for adjusting to this continuing disarmament would strengthen our economy for the period immediately ahead; it would also provide an answer to Communist propaganda that our economy will collapse without the stimulus of arms manufacture."

In remarks prepared for Senate introduction, the Senator took note of the fact that in recent weeks there has been considerable debate on the percentage of defense procurement being placed in various states.

SEN. HART said, "All agree that these defense sums are not spent in a vacuum. The next question is: How many factors is it reasonable to require officials of the defense establishment to have in mind when their primary concern is with essential military requirements?"

Continuing with his remarks to the Senate, Sen. Hart said, "No responsible person is asking that the defense procurement be divided into 50 equal parts, or into 50 parts based on taxation or on population or on any other such factor. The point . . . is that the strength of our economy and therefore the welfare of the nation requires a concerted effort to gear this enormous amount of federal spending to the weak spots in our economy."

Trucks Create New Horizons

Michigan Week's theme—"Michigan's New Horizons"—ties in beautifully with truck transport and the service it renders the people of this State. For trucks do create new horizons through their ability to serve the most remote areas. They go wherever there are roads (and even where there aren't roads, for that matter), carrying new products, new conveniences, new services to people all over Michigan . . . Yes, trucks stand ready to play a most important role as Michigan goes marching forward to new horizons!
