Chihuahua Asthma Cure

Q. I have heard that a person with asthma can be cured by getting a Chihuahua dog. True or false?

A. False. "The belief that the acquisition of a Chihuahua dog by a person with asthma will bring relief of his symptoms is a myth." So states a prominent child specialist. One of the severest cases of asthma ever seen by the doctor involved a child who had a Chihuahua as a pet. Many allergists say that children who have allergic tendencies should not have hairy pets of any kind. If they are not allergic to the pet at first, they may become so later on.

Q. What causes bloating?

A. Almost all digestive tract gas is swallowed air. Very little is produced in the intestines. In some cases there is unconscious relaxation of the muscular valve of the esophagus (tube leading to stomach). Swallowing is created and considerable air enters the stomach. Some people can perform this act voluntarily. Because bloating is seldom due to gases produced in the digestive tract, taking pills won't help.

City Comes First, Say B'ham's Supervisors

Birmingham's representatives on the Oakland County Board of Supervisors consider the City first when voting in board actions.

City commissioners and their board appointees agreed on this point and discussed other topics at a dinner-meeting last Thursday at Birmingham Country Club. "We had a pleasant meeting. We think we now understand each other's responsibilities better. We recognize a need for improved communications on both sides."

THE GROUP came to no conclusion as to whether the commission should instruct its board representatives how to vote.

The Birmingham Eclectic had raised this question after one of the supervisors said that when he voted he considered what was best for the county-at-large rather than his specific community. Attending last week's meeting were Mayor Willet, Commissioners William H. Burgum, William E. Roberts, Charles Kenfrew, Carl P.

Marygrove Concert Features Schrott

Walter Schrott, director of the Birmingham Conservatory of Music, was featured in a special afternoon concert at Marygrove College recently. He resides at 831 E. Maple, Birmingham.

A graduate of the Vienna State Academy, he studied piano under Professor Leonil Gombrich, assistant to Leschetzki, and composition under Eugene Zador.

The sermon went on and on and on in the heat of the church. At last the quiet paused and asked: "What more, my friends, can I give you?" From the back of the church came a voice: "Amen."
