**MAKING LIFE EASIER**

This is not a "pie in the sky" deal. You will have to spend a few bucks and we will simply list here the reasons why these expenditures should give you more leisure, better results, less work and more satisfaction.

- BUCKWHEAT HULLS:**—Greyish-black hard hulls pour easily from bag; cover the garden (after it has been weeded) to a depth of 2"; prevent weeds from sprouting all summer; allow air, water and food to get to the roots of plants. Apply in June when weather is warmer and drier.
- CLIMBING STRAWBERRIES:**—Grow in garden or in patio pots; need sunshine, fertilizer and water just like any plant; produce berries in the fall with proper handling; keep from year to year; grow six feet tall. What easier way to pick strawberries—without bending one's back!
- PATIO DINING:**—Simple equipment, beautiful accommodations, superb results in an atmosphere of delightful and interesting informality.

ONE trip to our Barbecue Center and your backyard cooking and dining becomes masterful rather than a massacre, quaint rather than queer and so on.

**LINEN CLOTHS CHAR-BROIL GRILL**  
**& RUNNERS TIN COFFEE POTS**

AND LIGHTS — electric, candle, hurricane, Japanese lanterns, floating candles, basket candles, Spanish wrought iron lamps, Sparki-Bags & Garden Flares.

One trip and you've MADE IT! What could be simpler?

**4. TORO LAWN EQUIPMENT:**—Stop butchering your lawn and treat as you would have the barber treat your hair—not scalped—not ragged—not spotty—not clippings hanging on your ears!

The TORO ROTARY & TORO REEL MOWERS are (we believe) the finest machines available for the home owner.

It's not for kids. It is for discerning people who want the best results for the money, materials and energy they put into the development of a good lawn.

Toro will make it better and easier.  
(See ad on Page 2, Sec. E)

**5. WEEDS:**—Probably more time is wasted in trying to get rid of weeds than in properly raising the family, mostly because of incorrect materials, improper timing and, more to the point, LOUSY techniques of application.

Provide yourself with a 10-gal. HAYES SOIL & TURF GUN (\$3.45) or a 15 gal. HAYES LAWN GUN (\$3.95) and a can of MC-BALL LAWN WEED KILLER, OR WEED-B-GON, or DUPONT'S.
