INTRODUCING FOR 1962 THE NEW LEAN BREED OF DODGE

COMPACT DODGE LANCER GT
FULL-SIZE DODGE DART 440

The black automobile, above, is the 1962 Dodge Dart 440, first of the Action-Economy cars. A low price, full-size Dodge that will outrun, out-economize most any car around. Compared to last year's model, a '62 Dart will accelerate seven percent quicker, and do it on five percent less gas. How come? Dead weight has been reduced to a minimum. Example: the automatic transmission case (with V8 engines) used to be made of cast iron; now it's aluminum and 60 pounds lighter.
The Dart 440 is very comfortable. All seats are chair-high. The front one has a fold-down center armrest.

The white car, above, is the Lancer GT, America's first Sports Compact. It has bucket seats, sill-to-sill carpeting, and all-vinyl upholstery.
Every 1962 Dodge, full-size or compact, is rustproofed. Every one has a new high-speed starter that puts less strain on the battery. And every one will go 32,000 miles between grease jobs.
As always, the name Dodge is your assurance of dependability.
