

Former Resident Hurt in Accident

A former Birmingham resident suffered a fractured skull and face Oct. 8 when his automobile collided with a B & O freight train near Bliss, N. Y.

Donald N. Feather, 39, of Eden, N. Y., formerly of 2229 Manchester, Birmingham, is reported in satisfactory condition at Wyoming County Community Hospital in Warsaw, N. Y.

According to New York State Police, Feather said he did not see the train until he was almost on a railroad crossing two miles southeast of Bliss, N. Y. He applied his brakes but the car skidded against the locomotive.

Former Resident Wins Fellowship

Charles W. Burnham, a 1950 graduate of Birmingham High School, was recently awarded a two-year Fellowship to the Geophysical Laboratory of Carnegie Institution in Washington, D. C.

Burnham entered Massachusetts Institute of Technology the fall after he graduated from Birmingham. He obtained his bachelors degree in engineering in June, 1954.

In the fall of 1957, after serving in the airforce he entered MIT. Skipping his master degree, Burnham immediately began work on his Ph.D., which he recently received in geology.

He is now living in Washington, D.C. with his wife and 1 1/2 year old son.

Police Line-Up

Police from neighboring community's line up at the Birmingham Police Pistol Range for the Fourth Annual South Oakland Pistol Shoot Friday. Over 100 officers making up 40 teams from a dozen communities competed in the event in which Birmingham

took the Class A championship and Berkley captured the Class B championship. Birmingham Detective Richard Chambers won the individual competition with an overall high score of 278 out of 300.

teaching talent. To put it another way, the basic question of the election is "shall we?"

In other presentations at the PTA meeting, Whitehead explained the tax limitation and bonding proposals which will appear on the Nov. 20 ballot.

He noted that of the 11 mills requested for operating purposes, six would be a renewal of the levy expiring in December.

The cost of the remaining 5 mills would be offset with a 2.4 mill reduction in the debt service levy, leaving a net millage increase of 2.6 mills.

This would be roughly equivalent to a 10 percent increase in the home with a market value of \$20,000 and a state equalized valuation of \$10,000.

A PRESENTATION by Norman Weston outlined many of the school improvements which have become possible during the last two years as well as an extensive number of requirements still to meet in curriculum. It was noted that additional financial support would be required just to maintain many improvements already made.

The meeting was one of a series being arranged throughout the community as part of the education board's information campaign.

Because the election ballot proposals are complex and do not clearly tell the full story, said Holmstead, a need exists to get the full facts before the public in a straight forward manner.

"We are convinced," he said, "that the urgency of the schools' needs should become the personal concern for careful study and evaluation by every citizen in our community."

Bids Accepted; Auditor Reappointed for B'ham

Birmingham city commissioners Monday night authorized purchase of five trucks for the Department of Public Works.

They accepted the low bids of \$2,432.10 from Dick Larrie Ford agency for two half-ton pick-ups and \$4,223.70 from GMC Truck and Coach for two half-ton pick-ups and one two-ton truck.

In other action, commissioners reappointed the Detroit firm of Hogan, Jungel and Harding as City auditors for the next fiscal year.

Total cost of the firm's services for the fiscal period ending June 30 this year was \$5,800. This compared with \$5,905 for the previous year.

Rates submitted for the new fiscal year are 20 percent under the firm's normal billing rates.

COMMISSIONERS authorized landscaping of City property on Fairway Drive bordering Riverchase between Lincoln and Northlawn at a cost of \$250.

A letter from Theoburn H. Wiant, president of the Birmingham Community House Association, expressing concern over an "increasing lack of parking facilities in the immediate area of the House" was referred to the city manager for study and report.

Mr. and Mrs. Albert Riesling, 374 Lakeside, asked the commission to see what could be done about a dirt-hauling project next door to them.

THEY SAID that they have been troubled with dirt and noise over a three-year period and asked that the hauling be brought to an end. City Manager L. R. Gare was instructed to investigate the problem and to report back next week.

John P. Stacy, a Dearborn resident, made verbal accusations against the city regarding the zoning ordinance and asked that a warrant be issued.

He was instructed to put his information and request in writing.

Stacy has refused to take a zoning problem to the board of zoning appeals and has appeared at recent commission meetings to speak up on this and other matters.

He has mentioned names of several lawyers and law firms and was asked at this week's meeting to let them handle his case for him. He has been told that his recourse is to the board of zoning appeals, then to the courts.

contest. Previously, he had taken two championships.

IN THE CLASS B two-man competition, open to South Oakland police departments of 20 or less regularly employed officers, Berkley No. 1, Clawson No. 2 and No. 1 placed first, second and third, respectively. Birmingham's department of 27 officers was not eligible to compete in Class B.

Beverly Hills No. 1, Lathrup Village, Beverly Hills No. 3 and No. 2 rated fourth, eighth, 12th and 14th among the 19 Class B competitors.

Mayor Florence H. Willett was on hand to present awards of the contest, conducted by the State Police who served as official scorers.

BIRMINGHAM'S GOLD plated, onyx base team trophy will be kept at the police department's comptroller's desk until next year.

"It was a great day for the shoot," commented Chief Moxley who pointed out that Birmingham's team score of 805 was "pretty close" to the top score of 830 in the state shoot Sept. 7. Birmingham scored only 150 in the state event.

Moxley attributes Birmingham's performance in winning the South Oakland title to "a continual rise of interest in shooting among the department's officers."

INTERESTED IN HERBS?
