By FAM FARLOW  
Special Writer

Hopes are high as sophomores, juniors and seniors discuss costumes, banners, cheers and class chances to win the 1961 Field Day on Wednesday.

Field Day is one of Seaholm's oldest traditions and is as exciting and colorful as the Olympic Games, including even the torch runner with the Olympic Torch and the victory stand.

A cider barrel is the trophy given to the winning team. When the first one used (since 1939) was covered with bronze tags in 1955, Mrs. Darling, dean of students, asked the shop to make a new one.

This is made of solid wood and stands approximately 18 inches high.

THE SENIOR CLASS has won Field Day 17 times, the Juniors three times, and the sophomores once. The costumes and banners carry out the class colors: red and white for the seniors, blue and white for the juniors, and green and white for the sophomores.

Traditional events are the three-legged race; tug-of-war; flag shuttle relay; egg throw; and two special boys events; the tractor race and the barrel race.

This year there is a total of 1,542 students at Seaholm, 164 less people than last year's enrollment.

There are 594 sophomores this year, 519 juniors and 429 seniors. Last year there were 527 sophomores, 463 juniors, and 713 seniors.

Band Night, which will be held Oct. 27, will be a colorful tribute to

The Kingswood-Cranbrook Student Cabinet commenced another active year last week. Cabinet chairman Bert Gordon presided during chapel service on Oct. 2, during the functions of the cabinet, its role in promoting religious and social activities between the two schools and the importance of the contributions which the cabinet makes each year to local, national, and international causes.

These donations are financed primarily by contributions from Kingswood and Cranbrook students.

Cranbrook teams opened their home season as they met the Lake Forest Academy soccer and football teams on Sept. 30.

That evening, the Student Cabinet sponsored their first social event of the year, the "Get-Acquainted Dance," which the Lake Forest teams also attended.

The cabinet performed their annual skit, and started the dance off with a bang with their version of "Smokin'."

Cider and doughnuts were served in the lobby and the "House Rockers," led by Dave Kessel, entertained the group during intermission.

Last Sunday morning the Cabinet sponsored a field trip to the Christian Science Church in Birmingham for students interested in attending services outside their faiths. In the afternoon the Student Cabinet picnic was held at Cranbrook to put the final touch on a busy week.

LAST FRIDAY EVENING the United World Federalists held their first in a series of dinner meetings. They are held each year at the Cranbrook cabin. The Cranbrook chapter, one of the oldest in the United States, was founded many years ago by Mr. Ben Snyder, now assistant headmaster.

After dinner, the group listened to a taped speech made by Lord Clement Atlee, former Prime Minister of Britain, at the General Assembly of the United World Federalists in June of 1961.

A discussion period followed with president Louis Beer presiding.

Oct. 4 marked the beginning of the Kingswood dancing classes for grades seven and eight. The instructor is Mrs. Basil Brown.
