## AAUW Meet to Discuss College Advisory Night

Selecting a college will be given special emphasis at the 21st annual College Advisory Night, sponsored by Oakland Branch of the American Association of University Women.

The committee met Sept. 14 to organize the event to be held Nov. 8 at Ferndale High School. The program was reviewed for this year to make it more helpful to students and parents.

Two sessions will be held instead of the usual one. The first session will be 4 to 6 p.m., the second, 7 to 9 p.m. Each session will be identical.

THIS IS TO accommodate the crowd that has become increasingly large through the years. Last year Advisory Night was attended by 720 students from 18 South Oakland High Schools, plus many of their parents, and representatives from 58 colleges.

A new addition will be a general orientation meeting at the beginning of each session. Informed college representatives will give general information on various types of colleges, such as State Universities, Liberal Arts Colleges, Technical Schools, etc. After this general meeting, college representatives will talk to students. Much effort is being made to obtain well-qualified college representatives.
