Olympic Cage Coach To Speak in B'ham

DON ODLE

One of the country's most successful athletic coaches, Don Odle, of Taylor (Ind.) University, will speak at the Chuck Wagon Dinner of the Methodist Men's Club of Birmingham First Methodist Church, Tuesday at 6:45 p.m.

The athletic director and basketball coach at Taylor has led his cagers to three Hoosier Conference titles and two second-places since taking over the reins 15 years ago.

Odle's outstanding achievement has been with a group of college stars, he has taken on basketball tours through the Orient and South America.

KNOWN AS "Venture for Victory," the teams have compiled a record of more than 500 wins with less than 10 losses during the past seven years. The venture was cited in Congress and listed in the Congressional Record of the United States.

Held in high esteem in the Orient, Odle coached the Chinese Nationalist basketball team in the 1960 Olympics, at the request of the Chinese government. During his world tour in 1960 he traveled 40,000 miles.

One of the all-time Taylor stars, Odle led the basketball team in scoring all four years of his intercollegiate play. His baseball batting average record of .523 still stands.

HE IS PAST president of the Hoosier Conference, and for two years was chairman of the basketball committee for the National Association of Intercollegiate Athletics.

Among other honors which Odle has received is a place in the "Who's Who Among American College and University Professors," and selection as "Outstanding Young Man of the Year" by the Indiana Junior Chamber of Commerce in 1954.

Bloomfield Hills School District #2 comprises approximately 28 square miles of territory. A fleet of 25 buses is used to transport students to attractive, moderate cost schools. Each school has a hot lunch program. Classes average 25 pupils with a range of 18 to 32 pupils.

The District's valuation is $66,264,353. The millage tax rate for schools is 22.54. School construction has been maintained through public support, thus half day classes and oversize classes have been avoided. With about 50% of the land being used for homes, there is every indication of continued rapid growth. A recently successful four million, one hundred thirty five thousand dollar bond issue has enabled the district to proceed with new elementary schools, a new junior high school, an addition to the senior high school and the purchase of additional sites.

Eugene L. Johnson, Superintendent

Sixteen-year-old John Meeske, 379 Aspen, Birmingham, recently aced the 187-yard seventh hole at Springdale Golf Course using a five iron. He was playing John Fouracre in the junior tournament and lost the match, 3-2.
