FRANKLIN
Plan Full Scale Pow-Wow For Wind-Up Festivities

By NITA HARD
 MA 6-3224

A full scale pow-wow will climax the Franklin Summer Camp program Friday.

Culminating six weeks of fun-filled activities every Sunday morning at the Franklin Community church, and under the sponsorship of the youth activities committee of the Franklin Community association, day campers will don full feathered regalia—beat a few drums and whoop it up around an authentic-type tepee—to wind up the season.

A noon picnic and ceremony are being planned for the approximately 55 campers who have participated this year.

IN OTHER quarters, older village youngsters are beginning to knock down to the serious business of learning lines.

Franklin Junior Players, the 1962 crop, are rehearsing three times a week to prepare two, three-act plays, for early fall performances.

Mrs. John Baker, Jr., assisted by Mrs. Daymond Adams, is directing a teen-age cast through the antics of "Harvey".

A second cast, under the direction of Mrs. Don Hacker and Mrs. Philip Price, will produce "Rebecca".

THEY HAD a wove of a least last Saturday night, at the home of Mr. and Mrs. George Strumbos on Suzanne.

Just back from a week vacation at Fort Lauderdale, the Strumbos cooked-up a party with Hawaiian trimmings. Guests needed little persuasion to come dressed in appropriate Hawaiian dress.

Among those present were Mr. and Mrs. Glen Kilpatrick of Chicago, whose arrival inspired the whole thing; the George Kents and Hugh Clarks of Cranbrook Village; Mr. and Mrs. David McIntyre of Franklin; the Robert Rinks of Detroit;

the John Kantigas and Sam Hannas of Redford and Dr. and Mrs. Ralph Sophia of Oak Park.

THE ANNUAL fair held by the Franklin Garden club each year will take place Aug. 2 at the home of Mr. and Mrs. Carl Phillips, 28851 Millbrook in Wood Creek Farms, this year.

Members will bring and auction to each other garden produce and horticultural triumphs, plus a variety of baked goods. Earlier than usual this year, the fair will start at 8:00 p.m.

VACATIONS ARE being slightly modified and re-arranged among Franklin Village Players in order to include the annual splash party to be held Saturday at the pool, side of Mr. and Mrs. Richard Probst

Accountants Elect Two Area Residents

At a recent meeting of the Board of Directors of the Oakland County Chapter of the National Association of Accountants, two area accountants were elected to membership in that association.

Harry W. Bothe, Jr., 3099 Bradford Drive, Birmingham, who is employed by American Motors Corp. as executive assistant to the vice president and controller, and Paul W. Clancy, of Huntington Woods, who is employed by the Ford Motor Co.—Tractor and Implement Operations (U. S.) as the Section Supervisor, Accounts Receivable.

Suffers Fractured Kneefrom Fall Off Telephone Pole

BLOOMFIELD TOWNSHIP—A Columbiaville man suffered a fractured and dislocated left knee here Monday when he fell 40-feet from a telephone pole on Square Lake Road.

Warren F. Penney, 48, was working on the telephone lines when his spikes apparently failed to hold him and he fell down the pole, police said. He was working for the L. E. Meyers Co. out of Clawson.

Penney was taken by ambulance to St. Joseph Mercy Hospital in Pontiac.

Warped Records

When phonograph records become warped, they can be straightened out by weighting them with books, or other objects that cover the entire disk. Before attempting to straighten them, however, be sure they are room temperature, since a cold record could crack. Usually, the process takes about 24 hours or so.

Back to School

Ed Pappert, 5617 Kolly, Bloomfield Township, will begin a four week session Monday at the Institute for Management at Northwestern University. Pappert is dealer sales manager, mid-east region, United States Gypsum Co.

SCRUBBED AND DRIED IN A \$360,000⁰⁰ BATHTUB—

No Wonder Natural Gas is So Clean!

Before Consumers Power Company pipes Natural Gas into homes and industries, it gives it a thorough scrubbing! This cleanliness means more efficient operation and longer life for appliances and industrial equipment. Yes, to make sure you get the cleanest fuel possible, all Gas is forced through huge cleaners called "scrubbers" (such as these pictured here at the Company's compressor station near Manchester, Michigan). Each "scrubber" costs \$10,000 and this is only one of the many compressor stations operated by Consumers Power Company performing this cleaning operation.

SPRING IS CLEAN-UP TIME...CHANGE TO Clean GAS HEAT

CONSUMERS POWER COMPANY
 TODAY 8 OUT OF 10 NEW HOMES ARE HEATED WITH GAS—America's most dependable fuel!
