Public Bank Gets Extension of Time; Ask New Location

BEVERLY HILLS — The temporary permit of the Public Bank to maintain a trailer on Southfield just south of Beverly Road has been extended another month.

The last extension expired August 1. Work on a permanent building has been delayed several times, due to a proposed change in location.

The bank originally planned to build just below the trailer site on Southfield, but Bruce R. Henway, vice president of the bank, has requested a change in location closer to the new Wrigley store at 13 Mile and Southfield roads.

"Dear Scotts . . ."

Last year 57,000 people deliberately killed their hopeless lawns - weeds, crabgrass and all - and got a fresh start with Scotts new ERASE. One week later they planted grass seed on the stubble - no digging, no grubbing out.

Here are typical comments - including a few gripes:

Green with Envy. Having trouble with undesirable grass. I used Erase. That was last year. Now my new lawn is a deep green. It has been the envy of the neighborhood all year!
H M W - Cumberland, Md

The Old Sod. My neighbor used Erase. It worked like a charm and was so much easier than digging up all that old sod.
M T N - Detroit, Mich

Guinea Pig. I was the first on the whole block to try Erase. Now the neighbors are seeing how my grass is coming up and are all going to do the same.
T S - Parma, Ohio

Gripe. Erase killed everything OK but when I reseeded nothing came up. Could it be all this dry weather?
M S - Waterbury, Conn
(Note could. New grass must have adequate moisture either from rain or watering)

Letter Perfect. I followed your Erase program to the letter and never put in

a new lawn easier or had it come in so successfully. It is good and thick and weed-free.
J R M - Cleveland, Ohio

Requested. It didn't kill everything. Some of the old junk is growing back. I'm reseeded.
J P - Providence, R I
(I'll get his money back. The junk proved to be annual weeds and other stubborn weeds. J P should have saved out a little Erase for second treatment of these toughies.)

Rags to Riches. I had one of the most miserable lawns you ever saw. Then I heard of Erase. You should see it today - as pretty as the picture on your pamphlet.
W H - Union, N J

Happys Ending. Bought Erase and in a short time my terrible lawn was brown. Neighbors thought I was a nut. Later seeded and spread Turf Builder. It was dry so had to water and it was slow coming along. But now it looks wonderful.
J C H - Whitestone, N Y

Hodgepodge. Erase did a thorough job of killing our hodgepodge grass. Now

my new lawn is emerging, bright and lusty.
I C - Seattle, Wash

Now is the right time!
If you've decided that what you really want is a brand new lawn, don't delay. By using ERASE now, you will be ready to plant seed at the most favorable time of the whole year.

Never mind if it does seem more like deck-chair weather. Remember that with ERASE there's no digging. No tugging in weeds.
The whole job - Erase, Scotts seed and Turf Builder - costs less than 14 a square foot.
Your new lawn will be a reality this Fall - a delight next Spring. Like all Scotts products, ERASE is unconditionally guaranteed.

There is a Scotts dealer near you. He can supply ERASE and answer your lawn questions.
