Springdale Holds Scotch Foursome

Two teenagers, Don Fouracre and Carol Goddard, tied at 33 for the low gross prize with Ed Wasell and Edith Setoch. The low net title was taken by Mr. and Mrs. Davidson with a score of 36.

Jeff Tappay and Mary Helmgren combined to win the low gross (blind holes), and the first prize for the least number of putts event was taken by Mr. and Mrs. Youker.

About 17 couples competed in the Scotch Foursome event.

Country Day, a school with grades kindergarten through 12th, has 50 students. Fifty-five are in senior high, and from that group about 100 will be chosen to play varsity football. The team will play a possible eight-game schedule (one date, Oct. 13, has not been filed), with the opening contest coming against Our Lady Queen of Peace Sept. 15 at Country Day.

The reserve team plays six games a day, following a daily practice session on the instructional field in the morning.

Williams Attends Baseball School

Bob Williams, son of Mr. and Mrs. Robert E. Williams, 3566 Burning Bush Road, is "showing improvement in his batting," according to Mickey Owen, director of the Owen Baseball School in Missouri which Bob is now attending.

The youngster plays two games a day, following a daily practice session on the instructional field in the morning.

"Our Legs Don't Get Cold Anymore!"

"With electric heat, there are no drafts or cold spots—even the floors are nice and warm," says Mrs. William Albert of Nankin Township, Michigan. "We saved \$300 on installation when we converted from the old system. Electric heat saved us space, too—now we have an extra closet where our chimney used to be. There's nothing to worry about or take care of. My draperies stay a whole lot cleaner. For all the electric appliances we have—range, water heater, clothes dryer, air conditioner—we think our \$35 per month electric bill is a real bargain. Believe me, once you have electric heat, you won't want anything else."

What about your home? Do you have a hard-to-heat room? Are you adding on a room? Are you buying a new home? Is the heating system in your present home more trouble than it's worth? One of the types of electric heating units shown below will be the answer to your heating problems. One easy way to find out is to ask your electrical contractor. Another is to call your Edison office. We'll be glad to send you a copy of our free booklet "Electric Home Heating" and will answer any questions you may have about the modern, worry-free way to heat your home—electrically.

Recreation Round-Up

SENIOR MEN'S CLUB

The Birmingham Senior Men's Club were guests Aug. 24 at the home of Mrs. Ewald E. Schaffer on Commerce Lake.

The men thoroughly enjoyed the peace and quiet of this beautiful secluded location. The ladies of the Community House were on hand as usual to assist.

Mrs. Schaffer, former manager of the Community House, is one of those who six years ago made the organization of the Senior Men's Club possible, and the Community House ladies who habitually volunteer certain hours of service each week, have contributed greatly to the success of the club.

IT WOULD be improper in mentioning the early days of this organization to omit mention of the name of Mrs. J. R. Ewing, who as chairman of these Ladies acted as secretary for the senior men until their first officers were selected.

The next meeting of the SMC will be in the Ranch Room of the Community House Sept. 17.
