

### Lectures at Cranbrook

A former student and teacher at the Cranbrook Academy of Art returned there Nov. 19 to show slides and lecture to students and guests. Harry Bertio—sculptor, designer, painter and craftsman—was at Cranbrook from 1937 to 1943. He came there on a painting scholarship and later taught metalworking as a student instructor. Bertio was born in San Lorenzo, Italy, in 1915. His work can be seen in the Massachusetts Institute of Technology chapel, the Dallas Public Library, the St. Louis airport, the Denver Hilton Hotel and the General Motors Technical Center.

nice to use at holiday time. It can be fashioned into a round circle to be placed over a fresh evergreen wreath or placed in the shape of a letter "S" as a centerpiece incorporating candles or hung along a plain wall as a bell pull.

It is always a joy to see these programs where talent is shared to enrich the lives of others.

YOUR EVERGREENS and choice trees will appreciate a leafy mulch of five or six inches. This care will act like an overcoat to them as they brave the elements in the months ahead.

After a tree has been in three years it doesn't need the pampering we must give it in a new location. Wood chips, salt hay or peat may also be used for the same purpose.

Playwrights' Heaven, Moss Hart and George S. Kaufman are snared all poor notices, including this one.
