Diver Tells Groves Students About Underwater Adventures

By BARB SCHIFFER Special Writer

Speaking in the Groves' gymnasium from 8 a. m. until 10 p. m. Saturday, Nov. 24, was Mr. Stan-top Waterman, professional scuba and skin diver. He is an internationally known member of the National Geographic Exploration team and was in Detroit to appear on George Perrot's Adventure Series. His lecture, sponsored by the Detroit Metropolitan American Field Service Committee, was entitled "3000 Years Under the Sea."

Minor, of which he was a member, explained how the team of explorers discovered and excavated much of an ancient cargo ship. The ship reportedly dates from 1300 B.C. and was traveling from Cyprus with copper ingots and amphoras for trade when it sank.

The last day of school before Thanksgiving vacation, a pep assembly for the entire school was held. The purpose was to raise enthusiasm for the first basketball game of the season that was played Nov. 23 at Groves.

The varsity game, versus Seal-helm, commenced at 8 p.m. and ended in defeat for the Falcons by the score of 62-25. Previously, a Groves-Sealhelm junior varsity game had been played that night resulting in a score of 43-36. Seal-helm's six-man team played a three-hour sock hop held for the two schools in the Groves gymnasium.

Bob Winkel, senior class president, and Karen Kalajay, editor

of this year's yearbook and president of AFS, have been selected as Groves' outstanding citizens. The selection was made by a vote of all senior class members. Both students were members of the Optimist Club, sponsors of the award, that was held in their honor late in November.

Requirements for the award were effective ability, outstanding citizenship, and service to the school "beyond the call of duty". Mrs. Jean Sharrard, student activities director, praised students for their "fine selection of these outstanding students. Karen and Bob, for this award of distinction."

Along with Thanksgiving vacation also came the end of the second of six marking periods for students at Groves. Report cards for the rest of the year will be issued on the following schedule: Nov. 30, second marking period; Feb. 1, third; March 22, fourth; May 10, fifth; and June 14, sixth.

The need for "Wife" Insurance. How would I keep the family together if my wife were to die when the children are still young? It is a disturbing problem; one that is causing many young men to stop and think. A busy father can't possibly play the dual role of breadwinner and homemaker. Relatives are rarely in a position to provide a permanent solution. A mother's love and affection can't be replaced. But capable help to keep the home going can be obtained if there is enough money to pay for it.
